

Anti Bullying work 2019

On our Anti-Bullying day we recapped our learning about anti-bullying and thought about how we can all be upstanders in the playground and online. It really is up to us to be the change and make our community (both online and face-to-face) a good and safe place!

We looked at different types of bullying and role-played different scenarios.

Year 2 read the story 'Silly Billy' and made some worry dolls which have helped them think about dealing with different emotions.

**Bullying is repetitive,
bullying is intentional,
bullying is not tolerated
at Christ Church School!**

We celebrated difference by wearing odd socks! We raised money for Kidscape, a charity that helps victims of bullying.

Bullying is often about differences or what people think are differences. We know that everyone is unique and wonderful!
