

Christ Church School, Hampstead
Special Educational Needs and Disability (SEND) Policy
which includes the SEN Information Report

Head teacher's introduction

We welcome children of all abilities in our school and are very proud of the progress that children with Special Educational Needs or Disabilities make in our school.

Christ Church School is an inclusive school where everyone works hard to ensure that every child makes the greatest possible progress in all areas. We have a school where we expect and help all children to learn and play together whatever their abilities, differences or individual needs and where every child feels included in all the varied activities we offer.

We believe that progress in wider skills, for example speaking and listening to others, maintaining friendships, developing independence, managing feelings and keeping yourself safe and healthy, is just as important as progress in academic learning. In fact, progress in these wider skills goes hand in hand with academic learning.

We help children to make great individual progress in all areas by working in partnership with parents/carers, listening to and acting on their concerns, discussing children's strengths and individual needs honestly and planning provision and next steps together. We also work in partnership with external professionals, linking them with families and acting on their advice.

I hope this policy document provides the information that parents need about our provision and practices in this area. Please do contact our Inclusion Leader for a discussion about your child's individual needs or if you have any questions about our provision.

Katy Forsdyke

Head teacher

Development, monitoring, review and sharing of this policy

The Governing Body of Christ Church Primary School, Hampstead approved and adopted this policy for Special Educational Needs and Disability (SEND) in May 2018. This policy also contains our SEN Information Report. Feedback from staff members, governors, parents and children has fed into the development of this policy.

The implementation of this policy is monitored by the Teaching, Learning and Standards Committee through reports from the SENDCO and head teacher.

This policy is available on the school's website.

This policy and the information report will be reviewed by the SENDCO (Special Educational Needs and Disability Coordinator) every year. It will also be updated if any changes to the information are made during the year.

Statement of Intent

The Governing Body of Christ Church Primary School intends, through its SEND Policy, to be an inclusive school and to promote the stated aims in its mission statement for all pupils:

At Christ Church School we respect and value each individual's contribution to our school community. We work to inspire our children with the love of learning and to strive for excellence in all aspects of school life.

We aim to make everyone's time at Christ Church School an enjoyable and rewarding experience and achieve our mission statement by:

- promoting the highest standards of teaching and learning
- providing a rich and stimulating curriculum
- encouraging the development of self-confidence, self-discipline and healthy living
- developing a spiritual awareness
- promoting a Christian ethos whilst respecting other people's faith
- welcoming the involvement of parents and other members of the local community
- expecting everybody to understand their own rights and take responsibility to respect the rights of others

- expecting everybody to make a positive contribution to our school, the wider community and our planet
- providing an environment where all feel safe from bullying and discrimination.

All our work in school is also guided by our Christian values of compassion, patience, understanding, creativity, hope and simplicity.

Aims of the policy

The aim of our Special Educational Needs and Disability policy is to ensure that:

- All children are given access to the curriculum at an appropriate level and that each child's learning and achievements are maximised at every stage of their time at primary school;
- We identify and assess children with SEND as early as possible;
- We create an inclusive environment that meets the special educational needs of each child;
- All procedures for identifying children with SEND are known and understood by everyone;
- We make clear the expectations of all partners in the process;
- We provide differentiation within a balanced and broadly based curriculum, in a way that supports children with SEND;
- Records relating to SEND follow the child through the school and at transition points and are clear, accurate and up to date;
- We raise staff awareness of and expertise with SEND through CPD;
- We work in partnership with parents;
- We maintain close links with the support services and other professionals and agencies.

Links with other policies and documents

This policy links to the following policies and documents:

- Positive Behaviour and Anti-Bullying Policy
- Equality information and objectives
- Accessibility plan
- Policy on supporting pupils with medical conditions

Relevant Legislation

This policy and information report is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) (June 2014) and the following legislation:

- [Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for pupils with SEN and disabilities
- [The Special Educational Needs and Disability Regulations 2014](#), which set out schools' responsibilities for education, health and care (EHC) plans, SEN co-ordinators (SENCOs) and the SEN information report

Definitions:

A pupil has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

- A significantly greater difficulty in learning than the majority of others of the same age, or
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

Roles and Responsibilities:

The SENDCO will:

- Work with the headteacher and the Teaching, Learning and Standards Governors Committee (TLS) to determine the strategic development of the SEND policy and provision in the school

- Have day-to-day responsibility for the operation of this SEND policy and the co-ordination of specific provision made to support individual pupils with SEND, including those who have EHC (Education and Health Care) plans
- Provide professional guidance to colleagues and work with staff, parents, and other agencies to ensure that pupils with SEND receive appropriate support and high quality teaching
- Advise on the graduated approach to providing SEND support (see appendix 1)
- Advise on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- Be the point of contact for external agencies, especially the local authority and its support services
- Liaise with potential next and previous providers of education to ensure pupils and their parents are informed about options and a smooth transition is planned
- Work with the headteacher and governing body to ensure that the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements
- Ensure the school keeps the records of all pupils with SEND up to date

The Teaching Learning and Standards Governors Committee (TLS)

The TLS committee will:

- Help to raise awareness of SEND issues at governing body meetings
- Monitor the quality and effectiveness of SEND provision within the school and update the governing body on this
- Work with the headteacher and SENDCO to determine the strategic development of the SEND policy and provision in the school

The headteacher

The headteacher will:

- Work with the SENDCO and TLS committee to determine the strategic development of the SEND policy and provision in the school
- Have overall responsibility for the provision and progress of learners with SEND

Class teachers

Each class teacher is responsible for:

- The progress and development of every pupil in their class through quality first teaching (see appendix 1 for information on the graduated approach and quality first teaching)
- Identifying any special educational needs which cannot be met through quality first teaching and alerting the SENDCO
- Working closely with any teaching assistants or specialist staff to plan and assess the impact of support and interventions and how they can be linked to classroom teaching
- Working with the SENDCO to review each pupil's progress and development and decide on any changes to provision
- Updating personal plans (see appendix 2) with input from colleagues, children and parents and communicating targets and progress to parents
- Ensuring they follow this SEN policy

SEN Information Report

The kinds of SEND which are provided for

The SEN Code of Practice, revised in 2014, provides guidance on the duties that schools, local authorities and others working with children who have SEND must have regard for. Special educational needs may relate to one or

more of the following areas of need. Our school currently provides additional and/or different provision for children with the following needs:

- Communication and interaction (e.g. Autism Spectrum disorder, Asperger's Syndrome);
- Cognition and learning (e.g. Specific Learning Difficulties, moderate learning difficulties, dyslexia, dyscalculia, dyspraxia);
- Social, mental and emotional health (e.g. attention deficit hyperactive disorder, depression, eating disorder, attachment disorder, self-injury);
- Some sensory and/or physical needs (e.g. deafness or hearing impairment, visual impairment, multi-sensory impairment, cerebral palsy etc);
- Medical conditions - please see the school's separate Medical Conditions policy. Pupils with both a medical condition and a special educational need may have an Individual Health Plan to coordinate provision.

We strive to create an inclusive school environment which can meet all children's needs but recognise that we are constrained in some respects by the structure of our building, physical space and resources. We work with the Local Authority statutory consultation process regarding the needs of children with Education and Health Care Plans - in the event that the school feels that they would not be able to provide the right support for a child's individual needs, this decision will always have been made in the best interest of the child and with regard to reports from parents and other professionals. The reasons for this decision will be shared with parents.

Identification and assessment of needs

We will assess each pupil's current skills and levels of attainment on entry, which will build on previous settings and Key Stages, where appropriate. Assessments are made against the National Expectation set out in the National Curriculum for each year group and the Early Years Foundation Stage Guidance. Class teachers will make regular assessments of progress for all pupils and identify those whose progress:

- Is significantly slower than that of their peers starting from the same baseline. It is important to note that the school will never compare or discuss a child's progress in relation to their peers within the cohort. Reference is always made to the national expected standards.
- Fails to match or better the child's previous rate of progress
- Fails to close the attainment gap between the child and their peers
- Widens the attainment gap

This may include progress in areas other than academic attainment, for example, social or communication needs. Slow progress and/or low attainment will not automatically mean a pupil is recorded as having SEND.

We believe that it is important to identify difficulties early and will strive to do so by making informed decisions based on formative and summative assessment, desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents. As a school, we feel it is important to consider the needs of the whole child and not just the particular special/additional educational need/s. The following are not necessarily classed as a special educational need, but other appropriate support may be provided to children and families.

- Short term lapse in progress and learning
- Attendance and punctuality
- Health and welfare
- Housing difficulties
- English as an additional language
- Being in receipt of Pupil Premium
- Being a Looked After Child

Consulting and involving pupils and parents

We will have an early discussion with parents/carers when identifying whether their child needs special educational provision. These conversations will make sure that:

- Everyone develops a good understanding of the pupil's areas of strength and difficulty
- We take into account the parents' views and concerns
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on what the next steps are
- Everyone is clear on the provision/support available

Notes or referral forms from these early discussions will be added to the pupil's record and given to the parent where appropriate.

We will notify parents when it is decided that a pupil will receive additional or SEN support.

Our approach to teaching pupils with SEND and adaptations we make to the curriculum and learning environment Additional Support for learning and working with other agencies

The SEN Code of Practice focuses on meeting children's needs in the classroom. All teachers have the responsibility for effective teaching of pupils with SEND and all staff have the responsibility of meeting the needs of each individual pupil in their class to the best of their ability with or without a formal assessment. Teachers are responsible and accountable for the progress and development of all pupils in their class. High quality teaching (quality first teaching) is our first step in responding to pupils who have SEND.

We make the following adaptations as part of quality first teaching to ensure all pupils' needs are met:

- Differentiating our curriculum to ensure all pupils are able to access it, for example, by grouping, 1:1 work, teaching style, content of the lesson, etc.
- Adapting our resources and staffing
- Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.
- Differentiating our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.

Arrangements are also put in place to ensure that pupils with SEND are able to access exams and other assessments.

No child is excluded from an activity because of their special educational need, although a child may be temporarily excluded from an activity due to unacceptable or dangerous behaviour.

Wherever possible, we strive to provide one teaching assistant in each classroom for at least half of each day. However, this can vary year on year. The teaching assistant and class teacher work as a team in order to provide support to all children in the class. Each week they meet as a team to discuss children's learning, relevant strategies, interventions and the week ahead.

Where quality first teaching does not allow the child to make sufficient progress, additional support for learning may be provided such as:

- Interventions (short programme of support targeted at a specific need and where progress is measured from a baseline, usually provided by a teaching assistant)
- Teaching in small groups
- 1:1 support - in rare cases it may be deemed appropriate for 1:1 support to be provided for a pupil in order to support their access to the curriculum

At Christ Church, we are committed to working with other professionals and external agencies in order to integrate support for the child. The inclusion leader liaises with various professionals and external agencies to support children with special educational needs. These may include:

- Camden Educational Psychology Service
- Camden Social Services
- Primary Learning Support Service (PLSS)
- Child and Adolescent Mental Health Service (CAMHS, including the Tavistock Centre)
- Camden Language and Communication Service (CLCS)
- Camden Deaf and Hearing Impairment/Sensory Team

All these agencies can provide advice and guidance to staff and parents as well as carry out assessments with pupils. The level of involvement of the external agency is commensurate with the child's level of need. Referrals to external agencies in relation to special educational needs are always carried out with the knowledge and permission of parents. The process for referrals is either through the online eCAF system or through a Single Point of Referral form (SPOR) with many agencies requiring supplementary forms to be filled in.

On occasion parents may commission their own external reports - we will always read and discuss these with parents with a view to incorporating their recommendations where possible.

Assessing and reviewing pupils' progress towards outcomes

We follow the graduated approach (appendix 1) and the four-part cycle of **assess, plan, do, review**.

The class teacher (sometimes in collaboration with the SENDCO) will carry out an analysis of the pupil's needs.

This will draw on:

- The teacher's assessment and experience of the pupil
- The pupil's previous progress and attainment and behaviour
- Other teachers' assessments, where relevant
- The individual's development in comparison to their peers and national data
- The views and experience of parents
- The pupil's own views
- Advice from external support services, if relevant

The child's needs will be reviewed regularly. For most children with an identified additional need, quality first teaching will be used to address this within the classroom. If the teacher feels it is necessary, additional interventions will be put into place in order to target a child's specific need/s. In some cases, the teacher and SENDCO may decide it is necessary for a child to have a Personal Plan which sets out the graduated approach in a more formal manner (see appendix 2). These plans may have input from external agencies. If a child's need is considered to be more complex, an application for an EHC plan would be made.

All teachers and support staff who work with the pupil will be made aware of the needs of the child, the outcomes sought, the support provided, and any teaching strategies or approaches that are required. We will regularly review the effectiveness of the support and interventions and their impact on the pupil's progress.

Supporting pupils moving between phases

The intake into Christ Church School in the Reception year is mainly from a wide number of nurseries, some local and some further afield. In the summer term prior to pupils starting school in September, the school will liaise with the feeder nurseries in order to establish which of the pupils who are joining the Reception class are on the Early Years SEN register or require additional support or have special educational needs. In the case of pupils transferring to the school who have not attended nursery provision we will liaise with parents about additional needs. This information is then collated by the inclusion leader in order to plan for appropriate provision for the

child. The inclusion leader and/or class teacher may also carry out a series of nursery visits if a child is identified as requiring additional support.

If parents choose to name Christ Church as the placement school for a child with an EHC Plan, staff at the school will carefully consider whether the school can meet the individual's needs and follow the procedures as set out by the local authority.

As pupils with SEND progress to secondary school, the inclusion leader and head teacher will liaise with the various receiving schools, as well as the local authority. This will include inviting the inclusion leader from the secondary school to attend the annual review meeting and arrange for representatives from prospective schools to visit Christ Church School. A staff member who works closely with the child may take them to their next school for a number of visit days to support with transition. This process is also followed if a child with SEND moves to another school before key transition periods.

Internal transition is also carefully considered with teachers providing the next class teacher with detailed information about children with specific needs and the new class teacher seeking to build early relationships with that child. Transition books are occasionally made for children who need them and if necessary, familiar adults in school will be used to help transition the child when the transition point occurs.

Record keeping and transfer of records

All records and documents kept relating to a child (e.g. minutes of meetings with professionals or parents, personal plans, action plans, confidential reports from professionals and external agencies, referral forms) are kept in an individual file for each child and stored in a locked filing cabinet. Only relevant information is shared with class teachers or support staff on a 'need to know' basis.

When a child who has SEND moves schools, we will transfer the records to the new school once the child ceases to be registered at our school. However, when transfer arrangements are made in advance, information will be provided as early as possible to allow the receiving school to plan ahead.

Expertise and training staff

The SENDCO role is given to an experienced member of staff who has suitable experience and skills. It is currently fulfilled by the Deputy Headteacher, Lewis Hollings, alongside other roles within the school. The SENDCO can be contacted on 020 7435 1361 or admin@cchurchnw3.camden.sch.uk

Class teachers and teaching assistants receive regular training relating to all areas of provision. If a specific need arises, we seek to send staff on relevant training in order to support them in supporting children within our setting.

We strongly believe in sharing expertise and practice within our school with our knowledge of how to support specific children and their needs being shared. This way continuity and consistency helps to provide a nurturing, supportive and communicative environment which benefit not only a child with needs but all children.

Equipment and facilities

All intervention materials are bought and provided by the school. Standard additional equipment like pencil grips are kept in school and teachers are free to trial equipment like this with children they feel may need it in their class.

Depending upon a child's needs, additional equipment may have to be purchased as recommended by an outside agency like an Occupational Therapist. The school may purchase this equipment for use by the child and once it is no longer needed, the school retains it for future use.

If a child has an EHC plan, the Local Authority SEN department will detail what equipment and facilities they will provide and what the school is expected to provide. However, the school will liaise with the SEN department if we feel we need specific equipment or facilities for other children which they may be able to help us provide.

From 2015 until 2017 the school was subject to an extensive building project which sought to improve school facilities which included accessibility improvements.

Enabling pupils with SEN to engage in activities available to those in the school who do not have SEN

As an inclusive school, all activities are available to all children and we would make every effort to make reasonable adjustments to allow children with specific needs to participate. All of our extra-curricular activities and school visits are available to all our pupils, including our before-and after-school clubs.

All pupils are encouraged to go on our residential trip in year 6.

All pupils are encouraged to take part in sports day/school plays/CAP projects etc.

No pupil is ever excluded from taking part in these activities because of their SEN or disability, although a child may be temporarily excluded from activities due to unacceptable or dangerous behaviour.

Support for improving emotional and social development of children with SEND

We provide support for pupils to improve their emotional and social development in the following ways:

- Pupils with SEND are encouraged to take part in all areas of school life with their strengths and talents being recognised.
- Pupils with SEND are also encouraged during lessons to be valued members of group work so that it helps to strengthen teamwork/building friendships etc.
- Pupils with SEND are also encouraged to be part of the wider life of the school, for example, team members for clubs and sports.
- If necessary, we work with the Camden Language and Communication teacher in order to run sessions with small groups of children which focus on feelings and understanding emotions.
- Referrals into the CAMHS service can be made where appropriate.
- Christ Church are currently part of a Mental Health Hub in Camden which looks at how to support individuals with their emotional wellbeing and social development.

We have a zero tolerance approach to bullying and we recognise within our Positive Behaviour and Anti-Bullying Policy that pupils with SEND may be vulnerable to bullying behaviours.

Evaluating the effectiveness of SEND provision

We evaluate the effectiveness of provision for pupils with SEND by:

- Reviewing pupils' individual progress towards their targets each term
- Periodically reviewing the impact of interventions
- Using pupil, parent and staff questionnaires
- Monitoring by the SENDCO and leadership team as part of the school's cycle of monitoring
- Holding annual reviews for pupils with statements of SEN or EHC plans

Complaints about SEND provision

We always work hard to make sure that our parents are happy with what we provide for their child. However, we will address worries, concerns and complaints as soon as possible through face to face meetings where we will listen carefully to your concerns. In the first instance, if parents have concerns about their child's progress we ask that they make an appointment to speak to their child's class teacher as soon as possible. If the parent feels that we have not been able to address their concerns satisfactorily they could arrange to meet with the SENDCO or senior member of staff. We also have a complaints policy and procedure that is available on the school website or from the school office.

At Christ Church School it is our vision that special needs provision is most successful when the school, pupils and parents work in partnership. However if there are queries or concerns raised, the Inclusion Leader should be informed as soon as possible, as an informal discussion can often alleviate the concern and the appropriate

intervention can be put into place or the situation rectified. We encourage parents to raise concerns by emailing admin@cchurchnw3.camden.sch.uk and addressing their concerns to the relevant person. Alternatively you could set up an appointment by speaking directly to someone in person or on the telephone (020 7435 1361).

Contact details of support services for parents of pupils with SEN

SENDIASS (Special Educational Needs and Disabilities Information Advice and Support Service) is a service which exists to help parents/carers, children and young people with information, advice and support. The service is impartial, confidential and free. Please visit their website for more information <http://www.sendiasscamden.co.uk/>

The school's local offer (our contribution to the Local Authority's Local Offer):

The Christ Church Primary School offer sets out in one place what we provide for children and young people with special educational needs and/or disabilities (SEND) throughout their time with us. It explains how we support them on to the next stage of their education.

The purpose of our school's local offer is to inform parents and carers about:

- how we welcome into our school children with special educational needs and/or disabilities (SEND);
- how we support them in all aspects of school life and remove barriers to achievement;
- how we work in close partnership with parents/carers and children;
- how we make effective provision for all of our children with special educational needs and disabilities - SEND.

The school's local offer is divided into twelve important aspects of our SEND provision:

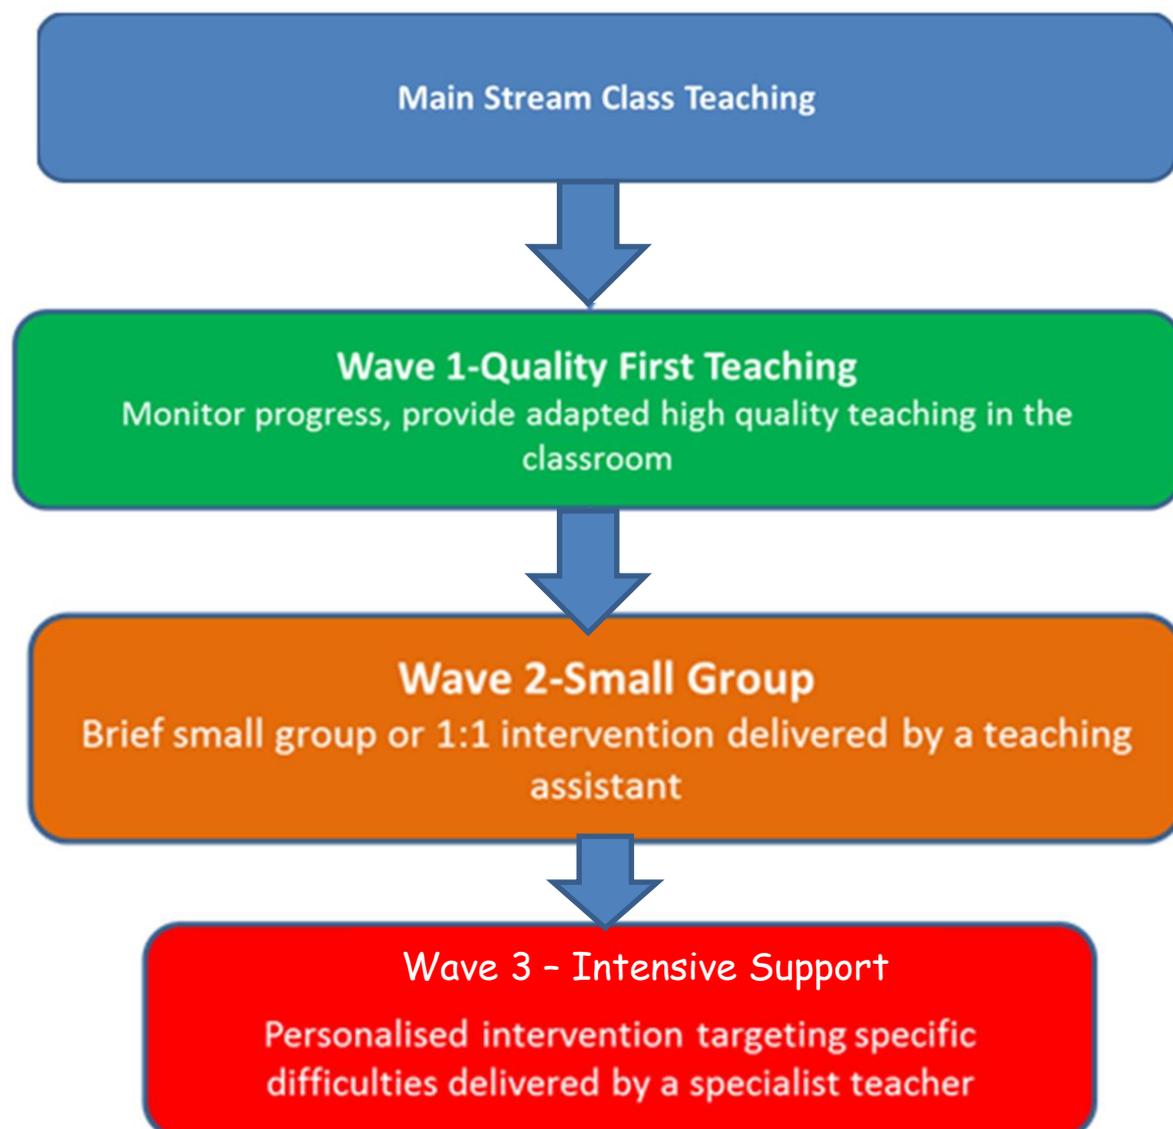

1. Effective Leadership, Management and Governance
2. Developing the skill and expertise of staff
3. The contribution of specialist services
4. Identification, assessment and planning - children with SEND
5. Reviewing children's progress
6. Inclusive teaching and effective support
7. Ensuring access to the curriculum
8. Providing accessible classrooms and special resources
9. Working in partnership with parents and carers
10. Listening to children and young people
11. Managing transitions - joining and leaving our school
12. Providing support for safety, personal well-being, attendance and health.

The school's local offer can be found on our website.

The Local Authority's Local Offer

Camden's local offer can be found here: <http://www.localoffer.camden.gov.uk>
