

## Week 8

### Celebrating differences

This week the children have been **celebrating their differences**. The children have each thought about what makes them **unique and wonderful** and wrote this on a leaf which have been used to decorate our Happiness Tree. They included their fingerprint as this is something that is unique to all of us.

Difference, unfortunately, is often a key reason for hurtful behaviour, so we took the opportunity to remind children about our Anti bullying policy and everyone wore odd socks, making a donation to the NSPCC.
