

Happiness Project Balloon Release!

December
2018

If you try something
new you've never
tried before, it
could be a talent
you really like.

Never give up even
if you are
struggling. 😊

We had a wonderfully joyous time releasing our balloons to celebrate the end of our Happiness Project! Children worked together to write messages of happiness to send far and wide, explaining what they had learnt from our project this term about how to keep ourselves and others happy.

We were delighted to hear back from four people in Hitchin, Purley, Reading and Kings Walden who found our messages. One message was even found by a head teacher who took it into her primary school!
