

Year 3 created a short film based on our Christian value of **COURAGE**. We used the story of *Daniel in the Lions' Den* taken from Daniel 6:1-28. It allowed us to explore the way Daniel needed courage to do what he knew was right and continue to pray to God as well as to enter the lions' den. This led us to think about how courage can be like a candle; like a flickering flame, our courage can waver. On occasions, the flame can go out like our courage can diminish and fade. However, we thought about how the light can be stronger when there are more flames and that we can draw courage from those around us to make us stronger. The children used light in different ways to tell the story in an effective way. We all had fun doing light painting and candle making.
