

Year 5 fundraising and volunteering at Henderson's Court

Children from year 5 and year 6 have been volunteering at Henderson's Court once a week, chatting and crafting with the older people. When we asked what else we could do the manager suggested we replant the window boxes to brighten up their garden.

We raised some money by creating a gift of a planted bulb, decorated with a paper flower to sell just before Mothering Sunday.

This money was used to buy plants and flowers for the project. All of the year 5 children then went to Henderson's court and planted beautiful window boxes.
