

During PSHE week we worked with different volunteers that help to preserve the wildlife and nature on the Heath. Year 1 learnt about the different ways they could help and came up with some great suggestion such a litter picking and closing areas off for the wildlife.

Year 3 went to the Heath Education department and planted some bulbs and seeds that will turn into wild flowers which the school has donated.

June 2019

Colin from the charity Heath Hands came in to talk to us about how the charity has over 200 volunteers that support and care for the Heath. We watched their video celebrating 20 years of the charity.
