

PSHE week – February 2020
 Keeping healthy and safe

Children from all classes took part in workshops about dog safety.

Younger children learnt about dogs' senses and what they should do if they were to be approached by a dog they didn't know.

Older year groups were faced with different scenarios involving dogs. They had to think about what they would do in each of these.

Children from other year groups attended assemblies where they were able to identify potential hazards around water.

Year 1 and Year 4 took part in workshops, thinking about keeping safe around water. They role-played what they would do if they were to fall into a waterway.

Safety Out and About

Canal and River Trust assemblies and workshops
