

Reception's home learning week 2

On Monday Reception put on their chef hats to help with some cooking at home. We saw lots of cakes, cookies, rostis, hummus and soups being prepared safely.

On Tuesday the children were asked by Miss Jones to create an information poster on how to grow a beanstalk! They made lots of sensible suggestions telling her you need light, water and nutrients from the soil.

Reception completed a 'big write' this week, using their magical creatures as a stimulus! The task was to ensure the story had a beginning, a middle and an end. Well done Reception!
