

28.04.2020  
 I think about different community I am part of.  
 One community I am part of is Christ Church. This community is important to me because people teach me about new things. As a community we play, play sports, read and learn. Christ Church is similar to sangha because sangha and Christ Church are both community.  
 One community I am part of is my family. This community is important to me because they keep me safe. As a community we play sports and work. This is different because there is a lot of people.

 I think about what it may be like to be a member of the Buddhist community.  
 I think about different community I am part of.  
 I think that the Buddhist community is good because it helps in helping you live and you get a healthy mind. It is not for the school and a lot more serious and mindful.  
 I am part of school, classes or clubs, family and friends. One of the clubs I am part of is my after school choir. We sing, play games, we do concerts, we have special friends, rewards and then we perform. When we perform people with different ages watch behind as like a scene. I have more friends and we have fun.

RE 28 April  
 I'm part of a church community. There are my grandpa's and people who help out. My friends are important to me because help me do stuff. We watch videos of Jesus's life and make things. We all work together, gather as a group and we look after each other.

Children were asked what their favourite fruit was. The answers are shown below.

Fruit	Tally	Total
Red apple		5
Green apple		4
Pear		4
Banana		4
Strawberry		4
Orange		4
Cherry		4

Use the fruit above to complete the tally chart.

1. Which fruit was the most popular? Red apple  
 2. Which fruit was the least popular? Cherry  
 3. How many more red apples than green? 1  
 4. How many people were surveyed altogether? 36  
 5. Order fruits from most to least popular: 1. Red apple, 2. Banana, 3. Green apple, 4. Strawberry, 5. Pear, 6. Orange, 7. Cherry

Class 2T  
 Date: 20/04/2020

Class 2T Birth Months

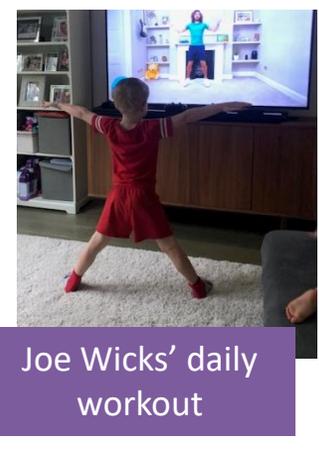

Use the block diagram to answer these questions.

There are 27 children in Class 2T.

June is the month when most children were born.

Jan and Aug are the months when fewest children were born.

3 children were born in Jan, Mar and Apr.

Joe Wicks' daily workout

Hello from Japan!

In RE, we have been thinking about the Buddhist community and comparing it to different communities we are part of.

We learnt the names for different animals in French.

In maths we have been interpreting data. We made tallies, created bar graphs, and answered questions about the data.

**Year 2 – Day 15 and 16**  
**Monday 27.4 and Tuesday 28.4**
