

Year 3 have been further developing their art skills by using famous art works as inspiration for their own work, evaluating famous pieces of art and explaining how their own work is similar to the original pieces.

We used the Google Art website (<https://artsandculture.google.com/>) to research famous artists and their work. We specifically focused on spring-themed work to help us celebrate the nature emerging all around us, despite the fact we cannot enjoy it as much in person at the moment.

Some of the artists we researched included:

Vincent van Gogh,

Georgia O'Keeffe

Jeff Koons
