

# Reception Class made jungle habitats!

Home school Monday 4<sup>th</sup> May 2020

Today we have had fun exploring the jungle and even learnt some amazing facts! Did you know if you stand in a rainforest and it rains it can take up to 10 minutes before you start getting wet because of the canopy of trees? We really enjoyed looking at the different animals that live in the jungle and made jungle habitats out of paint, junk modelling materials and some real nature!
