

School group – Week 6
Week beginning 11th May

We had a birthday this week!

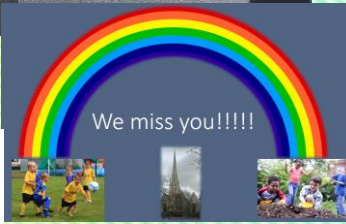

Year 1 had to create a made up community. We included a school, grocery store, café, gym, houses and market.

We started our day on Friday with some yoga!

The older children have worked hard to complete some of their work on the computers.

Year 2 made cards for people they are missing at the moment.

Reception, Year 1, Year 2 and Year 3 created messages to share with our school community!

We decorated our Stones of Kindness and then placed them around the school to spread happiness!
