LI: to write about what I did this half term.

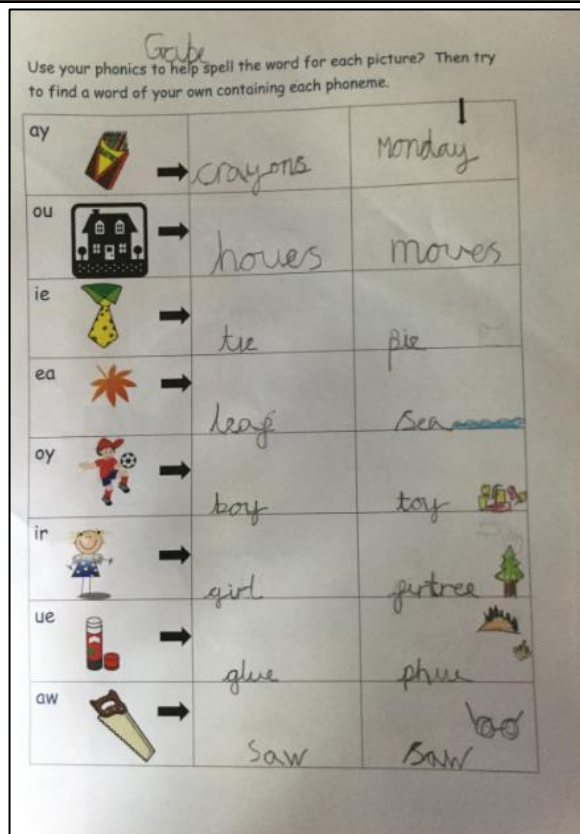

On Monday we were so excited about the picnic. When it was finally time for the picnic we packed food, water, picnic blankets and games. When we got to our spot we started putting down the picnic blankets. Our spot was next to nice, green plants. At the picnic we had hot dogs. After the picnic we went to a different place in the park to eat our strawberries. When we got to the new spot we started to relax. After relaxing for a bit me, Maia and our Dad started playing. After that we went back home. Finally we ate some ice cream at home.

On Sunday we had an exciting, fun name day party. The name day girl was my sister Maia but the day began it was my name day. First we ate some ice cream. Then we played foot ball but Maia stopped. Finally we watched a movie called Tangled and it was so cool.
