

## Home learning week 1.6.20

Many of the Year 6 children have returned to school this week. They have also been spending time at home learning about William Morris, designing cars and creating a song cover for a song we have been learning in school called 'Electricity' from the Billy Elliot musical

The colour of my car is going to be red and

vellow because those

are colours I think of

when I talk about

speed.

The shape and colour

· Green highland spring water bottle, for the body and it is aerodynamic so it will have less resistance from the wind.

Pulley: the size of the pulley is very important because the

Axles: wooden sticks inserted into straws

The shape of Flash is like a

wind tunnel.It is extremely

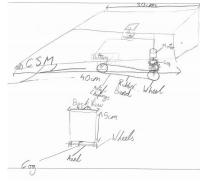

aerodynamic and can reach

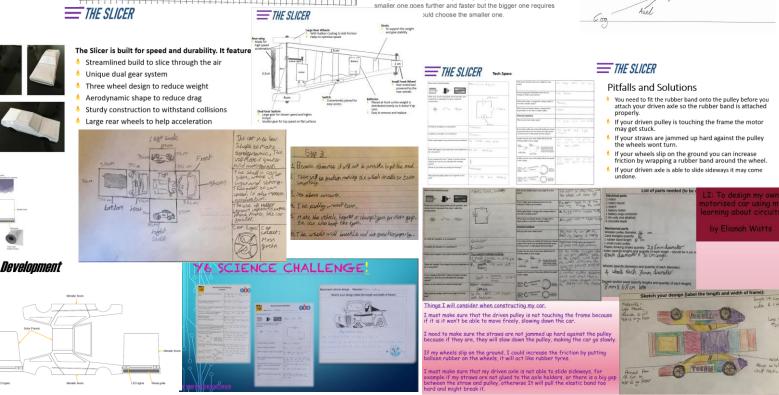

to 800 horsepower.

Materials for Flash

Wheels: bottle caps
