First, we came up with a list of all the subjects we take part in during school.

We created our own symbols to represent the subjects.

Once our canvases were dry, we drew our symbols onto them, and then painted them in black so they would stand out against the bright, colourful backgrounds.

Year 2 focused on **Articles 28 and 29** from the United Nations Convention on the Rights of the Child. These say that all children have a right to education, and that education should develop a child's personality, talents and abilities to the full.

When placed together, our canvases show what education means to the children in Year 2.

We painted our canvases in a bright colour, then made marks on them using contrasting colours
