

# Year 5

Our individual pieces of art work were inspired by the Lebanese-American artist Helen Zughuib, who was a refugee herself and creates artwork of journeys made by those leaving their homes.

In Year 5, our art works highlights Article 22: children who are refugees shall receive appropriate protection and humanitarian assistance. We have learnt about journeys made by refugee children and how fleeing their homes can affect them.

We sketched and then painted our backgrounds before using our cutting and colour-selecting skills to create figures to layer on top.
