

## UNCRC Article 13. Sharing thoughts freely

Children have the right to share freely with others what they learn, think and feel, by talking, drawing, writing or in any other way unless it harms other people.

In Year 6, our art work was inspired by the Russian Constructivism movement. We considered the message we wanted to express in our artwork. We took a photo of ourselves in a position we thought best represented our message. We then used Photoshop to manipulate the images before using collaged letters and coloured paper to form the background.
