

# Year 1 Home Learning – Homes on our streets

L.I. To recognise that a street is composed of a variety of different features. 18.01.2021

### Homes in my street

This is an old Victorian style house. It is made of bricks and has a gable roof.

This is a modern detached house. It is made of concrete, glass and metal. It is very different to the Victorian house.

### Homes in my street

**Terraced House**

Teraced houses are stuck together. They all the same.

**Two Houses stuck together. They are mirror images.**

**Semi-detached Houses**

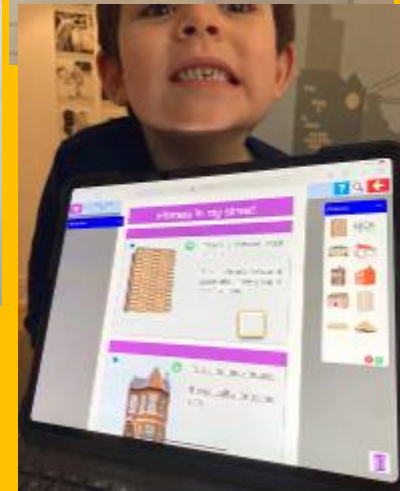

### Homes in my street

This is a house that has been changed into flats. This is like my flat. There are 4 flats in my building and it is semi detached.

On my street there are semi detached houses. They have 3 floors and windows made of glass. This is a house other than a flat.

1 Semi - one side by two houses. They look like each house has five floors. There are four flats in my building and it is semi detached.

2 Block of flats - five flats. One entrance for all. Made of small bricks. It has windows.

VICTORIA 18.01.2021

This is a building of flats. It is made of bricks and has glass windows. It has 14 windows and 7 floors.

This house has a gable roof. It has a red door and a chimney. It is made of bricks.

Buildings: Block of flats. Buildings: Detached. Similarities:

- Both are white on the outside.
- Both have balconies.
- Both have concrete flooring.
- Both have plants outside.

Differences:

- Lots of different types of buildings.
- Building 1 has a communal garden in the middle.

### Homes in my street

**The flats are BIGGER THAN EVERYTHING**

They have glass windows.

**The house is big and has glass.**

It has windows.
