

Chinese New Year By Reception

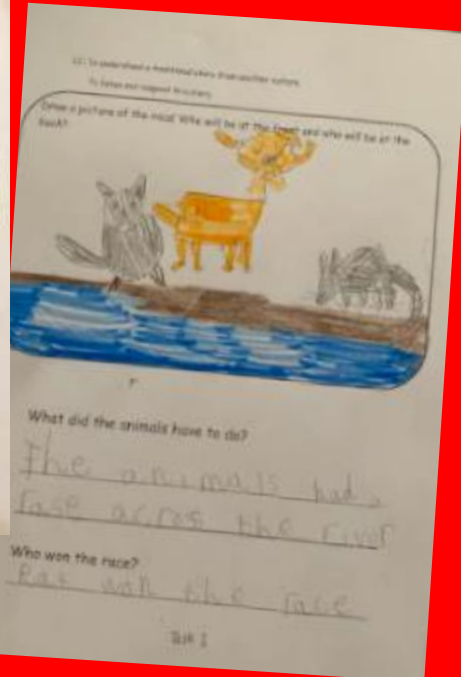

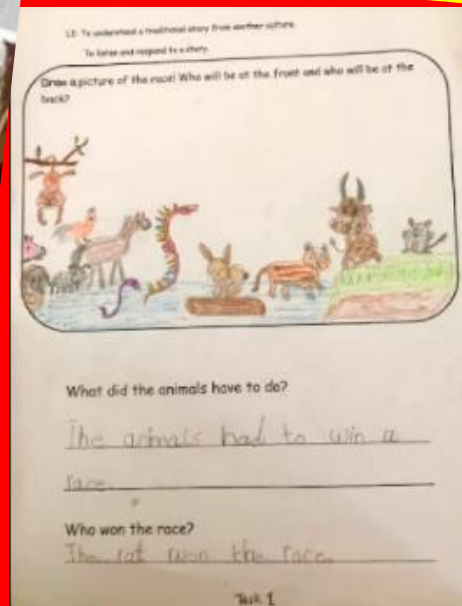

We have learnt all about the celebrations that happen all over the world to celebrate Chinese New Year! We learnt how to say hello in Chinese and have been researching the great wall of China!

We made shopping lists of things we would need to buy for a Chinese New Year celebration.

We learnt all about the traditional tale 'The Great Race'. This story is about how the Chinese Zodiac was named and follows the adventures of 13 animals including a sneaky rat!

We made Chinese dragons and learnt how to do ribbon dancing, just like they use in the parades!

Chinese New Year By Reception

We used our knowledge of Chinese New Year to help with our Maths and art this week.

We followed instructions to make our own Chinese lanterns!

We fixed the muddled dragon who got his numbers in a mix! We had to put him back together using numbers 0-20

We learnt about ordinal numbers. We made posters sequencing the animals into the correct positions in the race.
