Part A: Core operational policies and procedures

1 Purpose of policy

This policy sets out how Christ Church School will meet its statutory duty under section 175 of the Education Act 2002 to safeguard and promote the welfare of children and help them to achieve good outcomes. The school will achieve this by providing a safe learning environment and ensuring school staff have the skills and knowledge to take action where children need extra support from early help services or require social work services because they are in need or need to be protected from harm.

This policy runs alongside the agreed Christ Church School vision statement:

Christ Church School, Hampstead

A village school in London inspiring *life in all its fullness*

Jesus, The Good Shepherd, promises 'life in all its fullness'. (JOHN 10:10)

At Christ Church we believe every child and adult in our school should be able both to experience life in all its fullness now and to aspire to life in all its fullness in the future.

We all seek to inspire life in all its fullness for all in the school through:

- ensuring a **safe, welcoming and inclusive environment** for children and adults, where everyone is valued and has the opportunity to contribute and flourish;
- the pursuit of **academic excellence** in all areas, with a determined desire for each child to make the best possible progress as a result of high aspirations, hard work and the development of a personal love for learning alongside the highest-quality teaching and support;
- offering the widest possible **breadth of curriculum** both within school and through extra-curricular activities, enriched by the vast range of opportunities locally and across London;
- **creativity and positivity** in all we do, mixing innovation with tradition;
- planned and spontaneous opportunities for **spiritual development** through reflection, discussion and harnessing curiosity, as well as the provision, at the heart of our school life, of daily opportunities for prayer and worship;
- the development and modelling of **strong, positive and loving relationships**, with peers, amongst the school community and in the wider community;
- the promotion of **respect and compassion for ourselves and for all others**, by cultivating positive emotional and physical well-being, by celebrating the diversity within and outside our school and by encouraging all of us to be empowered global citizens, guided at all times by the example of Christ's compassion alongside the UN Convention on the Rights of the Child;
- engendering a **sense of community and responsibility** for others and for our local and global environment and enjoying working together towards our common goals and expecting and valuing contributions from all.

Our vision is brought to life through our Christian values of **courage, compassion, community, simplicity and creativity**.

Our most fundamental aim in school is to keep children safe and this safeguarding policy is a key part of how we do this. Without being and feeling safe in a safe, secure environment, children will not be able to experience 'life in all its fullness' as stated in our vision statement and make the most of all the opportunities on offer in school and the wider community.

Christ Church School takes a holistic approach to safeguarding, and children's safety and welfare will be the key focus when developing policies so that the school environment and culture is one where:

- pupils know how to raise concerns, feel safe to raise concerns and are confident that their concerns will be taken seriously;
- staff are equipped to deal sensitively and effectively with concerns and disclosures;
- inclusive and anti-discriminatory behaviour is an expectation for staff and pupils;
- all forms of bullying, harassment and discrimination, or inappropriate, sexualised or offensive language and behaviour are not tolerated;
- the wishes and feelings of pupils are taken into account at all times.

2 Linked policies

The following policies make up the school's safeguarding and child protection responses and contribute to a safe learning environment:

- Safer recruitment and staff conduct policy
- Camden Safeguarding Children Partnership guidance on dealing with allegations against staff and volunteers
- Online safety policy for schools and colleges
- Social media policy for schools
- Peer on peer abuse and sexual violence guidance and protocol

This policy should also be read alongside the school's Positive Behaviour and Anti-Bullying Policy, Physical Contact with Children Policy, Staff Handbook (including our staff code of conduct) and other policies. All our policies are available on our school website or on request from our school office.

3 Roles and responsibilities

3.1 Camden Supporting People Directorate

The Directorate includes Children's Safeguarding and Social Work (CSSW), Early Intervention and Prevention divisions and Camden Learning and these services will support the school to safeguard and promote the welfare of pupils by:

- co-ordinating the delivery of integrated children's services within the borough, including an early help service
- providing statutory social work services under the Children Act 1989
- providing the school with advice, support and guidance, model policies and procedures, training and dedicated lead officers with responsibility for child protection, safeguarding and online safety
- dealing with allegations against members of staff and volunteers through the Local Authority Designated Officer (LADO)
- taking responsibility for those children who are missing from or not in education, including children who are known to be home educated.

3.2 Governing body

The governing body will ensure that the school meets its statutory duties with regard to safeguarding and protecting pupils and that processes are in place to enable staff to understand the nature of safeguarding children in education and their role and responsibilities in doing so. In particular, the governing body will ensure the following:

- The school has the following policies in place and that these are regularly monitored, reviewed and updated where necessary;
 - safeguarding and child protection policies and procedures covering early help, online safety, extra-familial harm and peer on peer abuse that are consistent with Camden Safeguarding Children Board procedures and Camden's internal policies
 - a staff code of conduct policy including policies covering staff/pupil relationships and communications and staff use of social media
 - a behaviour policy that includes measures for bullying and harassment, including prejudice based and discriminatory bullying
 - a procedure for responding to incidents where children go missing from education, particularly where there are repeated incidents that suggest potential safeguarding risks may be present
- The school is able to work jointly with other agencies in order to ensure pupils can access help and support from early help services and statutory social work services and that children's plans are implemented and monitored.
- There is a nominated governor with responsibility for liaising with Camden CSF on safeguarding and child protection matters and who links with the LADO in the event of an allegation against the head teacher.

- A senior member of staff is appointed the designated safeguarding lead with responsibility for carrying out the statutory duties as set out in this policy, the individual is given sufficient time and resources to carry out their responsibilities and that another member of staff is appointed to deputise in their absence.
- There is a designated teacher nominated to promote the educational achievement of looked after children and previously looked after children and that this person has received appropriate training for the role.
- Staff receive a thorough induction on joining and are given copies of all relevant safeguarding and child protection policies and the staff code of conduct policy.
- Staff are confident that they can raise issues with leaders where there are concerns about safeguarding practice at the school and there are robust whistleblowing procedures in place
- Steps are taken to ensure parents and pupils are aware of the school's safeguarding and child protection policies and procedures.
- Governors take steps to ensure children are given opportunities within the curriculum to learn how to keep themselves safe, including online.
- The school has appropriate written procedures in place to ensure safe recruitment practices and reasonable checks on visitors to the school, to deal with allegations against staff or volunteers and to report matters to the Disclosure and Barring Service as required, and that these policies are consistent with statutory guidance and reviewed on an annual basis.
- At least 1 member of the governing body has undertaken accredited safer recruitment training.
- All staff should receive appropriate safeguarding and child protection training which is regularly updated, at least every two years. In addition, all staff should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, and at least annually, to provide them with relevant skills and knowledge to safeguard children effectively and so that they remain up to date with new legislation.
- The school has procedures in place to deal with allegations made against other pupils and pupils who go missing from education.
- Children's wishes and feelings are taken into account when deciding on what action to take or services to provide to protect individual children and there is a robust system in place for gaining feedback from pupils.

3.3 Schools and head teachers/senior leadership team

The head teacher and/or senior leadership team will ensure that the school meets its statutory safeguarding duty by ensuring the following:

- All staff are aware of their role and responsibilities for safeguarding under Part 1 of the current Keeping Children Safe in Education guidance.

- Staff are inducted thoroughly and have read all the school's safeguarding and child protection policies, staff code of conduct and behaviour policies, so that they are fully aware of their role in safeguarding children and are able to fully implement policies. This induction is in line with section 5.1 in the school's Safer Recruitment and Staff Conduct Policy.
- All staff are able to identify those children who need extra help and can make appropriate referrals to early help services.
- All staff are vigilant to harm and abuse, are able to identify those children for whom there are safeguarding and child protection concerns and can make appropriate referrals to CSSW.
- Staff are able to work in partnership with other agencies to safeguard children, including providing early help support, contributing to assessments and the implementation of the child's plan, attending network meetings and case conferences, monitoring children's progress and liaising with social workers.
- Safer recruitment practice is followed when recruiting to posts and appropriate action is taken whenever an allegation is made against a member of staff in line with the Safer Recruitment and Staff Conduct Policy and Camden's Allegations against staff members and volunteers guidance.
- The school/college offers a safe environment for staff and pupils to learn.
- Safeguarding issues are brought to the attention of the governing body.

3.4 Role of the designated safeguarding lead

The role of the designated safeguarding lead and their deputy is to take the lead responsibility for safeguarding and child protection within the school and to be available during school hours for staff to discuss safeguarding concerns.

Additional Christ Church School-specific procedures

Advice from the DSL or Deputy DSL is available via telephone in the event that neither the DSL or Deputy DSL is in school during school hours. All staff members are provided with the contact details of the DSL and DDSL.

The designated safeguarding lead (and their deputy) will:

- liaise with and manage referrals to relevant agencies such as CSSW, the LADO, the Channel Panel, the Police and the Disclosure and Barring Service (DBS)

- ensure all staff, including temporary staff, are aware of and understand the policies and procedures and are able to implement them through robust induction processes
- attend regular training, including Prevent awareness training and online safety training, and the designated teachers meetings hosted by Camden in order to keep up to date with new policy, emerging issues and local early help, safeguarding and child protection procedures and working practices
- provide regular updates received from Camden to all staff members and governors on any changes in safeguarding or child protection legislation (updated information will be provided by Camden at the designated teachers meeting and designated safeguarding leads will be responsible for communicating this information immediately; they may decide to hold workshops or discuss in staff meetings)
- have an awareness of those children who may be more vulnerable to poor educational outcomes due to safeguarding and other issues such as children in need, children with child protection plans, children with mental health issues, young carers and children who have special educational needs;
- liaise with the SENCO when considering any safeguarding action for a child with special needs;
- liaise with the school's mental health lead or CAMHS team as appropriate where there are safeguarding concerns linked to mental health issues
- raise awareness with staff on how children's vulnerabilities and exposure to safeguarding issues such as neglect, abuse and trauma can negatively influence their educational attainment and behaviour and how staff can work to meet these challenges and improve outcomes;
- liaise with the designated teacher for LAC whenever there are safeguarding concerns relating to a looked after child or previously looked after child
- oversee child protection systems within the school, including the management of records, ensuring confidentiality, standards of recording concerns and referral processes
- provide a link between the school and other agencies, particularly CSSW and the Camden Safeguarding Children Board
- ensure staff , including temporary staff, receive appropriate safeguarding and child protection training every two years, including online safety training and training to identify the early signs of peer-on-peer abuse, including sexual abuse
- ensure parents are fully aware of the school policies and procedures and that they are kept informed and involved
- encourage a culture where children are listened to, their views taken into account and where they are encouraged to participate in keeping themselves safe

- ensure relevant records are passed on appropriately when children transfer to other schools and, where appropriate, share relevant information with schools or colleges to enable continued support to the child on transfer

3.5 Working with parents and carers

The school recognises the importance of working in partnership with parents and carers to ensure the welfare and safety of pupils.

The school will:

3.6 Multi agency working

The school will work in partnership with relevant agencies in order to meet its obligations under section 11 of the Children Act 2004 and Working Together to Safeguard Children 2018.

As a relevant agency under the new Camden Safeguarding Children Partnership (CSCP) safeguarding arrangements, the school recognises its vital role in safeguarding school-age children and its statutory duty to co-operate with the CSCP to ensure joint working with partner agencies in order to improve outcomes for children in Camden.

Governors, school managers and the senior leadership team will ensure these safeguarding arrangements are followed and that the school/college is able to raise any safeguarding issues and emerging trends with the CSCP via the CSCP Head teacher members and/or the Camden Learning representative.

Full details of the arrangements can be found at: https://cscp.org.uk/wp-content/uploads/2019/06/Camden-Safeguarding-Children-Partnership-Arrangements_Final_June_-_2019.pdf

3.7 Contacting the police

In the event that a criminal offence takes place on the school premises or police assistance is needed to deal with incidents, the school will follow the guidance set out in the NSPCC guidance *When to call the police*.

<https://www.npcc.police.uk/documents/Children%20and%20Young%20people/When%20to%20call%20the%20police%20guidance%20for%20schools%20and%20colleges.pdf>

3.8 Operation Encompass

The school will ensure that the school receives all police notifications of children who have been involved in domestic abuse incidents via Operation Encompass.

The designated safeguarding lead will inform relevant staff of any notification and agree what support (if any) the pupil should receive from the school.

Additional procedures

Operation Encompass is a national initiative that helps to safeguard children and young people who may have been exposed to domestic abuse. In practice, this means that if the police are called to a domestic abuse incident and a child has been present when this happened, then the police will notify the child's school/college's designated safeguarding lead. This will be done as early as possible in the morning and allow the school to silently support the child. This allows for rapid provision of support within the school environment and means that children are better safeguarded against the effects of domestic abuse.

Schools/colleges should share details of the notification with as few staff members as possible in order to keep the information confidential, and schools/colleges will need to decide on the most appropriate staff member to be informed; this may be the class teacher (for primary pupils) or the form teacher, Head of Year or pastoral support for secondary schools.

If schools/colleges in Camden wish to sign up to Operation Encompass, please contact:

Elisabeth Mavin PC 1351CN

Islington Multi Agency Safeguarding Hub

222 Upper Street London N1 1XR

External: 0207 527 6166

Elisabeth.C.Y.Mavin@met.police.uk

MASH mailbox: NI-PublicProtectionDesk@met.pnn.police.uk

Please note that there is no need for schools/colleges to make a referral to CSSW following a notification as the police will have already referred the case to the MASH.

Christ Church School has signed up to receive relevant notifications via Operation Encompass.

4 Safeguarding children

The school will carry out its duty to safeguard pupils which is:

- protecting children from maltreatment
- preventing impairment of children's health or development
- ensuring children are growing up in circumstances consistent with the provision of safe and effective care
- undertaking that role so as to enable children to have optimum life chances so they can enter adulthood successfully.

The school will refer to Camden's thresholds and eligibility criteria (available at the link below) to help make decisions on the child's level of need and the appropriate service to refer on for services. Staff will consult with the designated safeguarding lead for advice and to discuss the case prior to making any referral for services.

[Safeguarding children - Camden Council](#)

All referrals for a children's social care service will be made by way of an e-CAF referral to Camden's Child and Family Contact team. The team is Camden's "front door" for children's social care referrals and accepts referrals for all cases.

Parental consent for referral will be sought but a referral will be made regardless of consent being given in cases where there are safeguarding concerns about the child and making a referral is a proportionate response to those concerns.

Staff will also share information and work in an integrated way to ensure a coordinated response from agencies to support families and meet the child's needs.

4.1 Early help cases

Staff will identify children who need extra help at an early stage and provide help and support in order to prevent concerns from escalating. In particular, staff will be aware of the needs of the following groups of children whose circumstances may mean they will require early help:

- children with disabilities and additional needs, including those with special educational needs;
- children with mental health needs;
- young carers;
- children showing early signs of being drawn into anti-social or criminal behaviour, including gangs and organised crime or county lines;
- children who frequently go missing from home, school or care;
- children who are misusing drugs or alcohol;
- children at risk of exploitation through modern slavery and trafficking;
- children whose home circumstances are negatively affected by adult substance misuse or mental ill health or domestic abuse;
- children who have returned home from care;

- children who show early signs of abuse or neglect;
 - children at risk of radicalisation;
 - children at risk from honour based abuse, i.e. FGM, forced marriage
 - privately fostered children;
 - children who are persistently absent from school including for part of the school day
- Where the child's extra needs require services, consideration will be given to what early help support can be offered a child by the school.
 - If the child requires an early help service from another agency, the school will make a referral to the Early Help service (via the Child and Family Contact team) for appropriate help and support. Staff will consult with parents prior to making any referral to discuss the matter and gain consent to refer the child.
 - Where the child is receiving an Early Help service, the school will work as part of the Team around the Family and take up the role of lead professional where this is appropriate.
 - Early help provision should be monitored and reviewed to ensure outcomes for the child are improving. If the school believes that this is not the case, consideration should be given making a referral for a statutory social work service.

4.2 Referral for a statutory social work service

Where there are concerns about a child's welfare, staff will act immediately by seeking the advice of the designated safeguarding lead or their deputy are most likely to have the most complete safeguarding overview. Following consultation the designated safeguarding lead should decide on whether to make a referral to CSSW via the Contact Service.

Where the referral raises concerns that the child is at risk of significant harm, the case will be passed on to Camden's MASH team to gather relevant information from other agencies.

The Contact Service will inform the school/college within 1 working day of the outcome of any referral and what action CSSW will be taking. This may include any of the following:

- Carrying out a child and family assessment to identify the child's needs and establish if the child is a **child in need** under section 17 of the Children Act 1989. These are children (including disabled children) who are unlikely to meet a reasonable standard of health and development unless provided with services.
- Convening a **strategy meeting under child protection** procedures as set out in section 4 for any child where there are concerns about significant harm and/or taking any immediate action in order to protect the child.
- Providing services for the child and their family in the meantime whilst work is on-going (including details of services).

5 Child protection procedures

5.1 Role of school

The school will work to the following policy documents in order to support the protection of pupils who are at risk of significant harm.

- Working together to safeguard children (*DfE 2018*)
<https://www.gov.uk/government/publications/working-together-to-safeguard-children--2>
- What to do if you're worried a child is being abused (*DfE2015*)
[What to do if you're worried a child is being abused - Publications - GOV.UK](#)
- The London Safeguarding Children Board child protection procedures
[London Safeguarding Children Board: Child Protection Procedures](#)
- Keeping children safe in education (*DFE 2021*)
https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/999348/Keeping_children_safe_in_education_2021.pdf

In line with these policies and procedures, the school will:

- identify those pupils where there are child protection concerns and make a referral to CSSW
- attend child protection case conferences in order to effectively share information about risk and harm
- contribute to the development and monitoring of child protection plans as a member of the core group
- carry out the school's role in implementing the child protection plan and continually monitoring the child's wellbeing, and liaising with the allocated social worker as required.

5.2 Recognition

- Staff have a responsibility to identify those children who are suffering from abuse or neglect and to ensure that any concerns about the welfare of a pupil are reported to the designated safeguarding lead.
- Staff should refer to appendix 1 for a full definition of significant harm and the specific indicators that may suggest a pupil may be at risk of suffering significant harm.
- Any concerns held by staff should be discussed in the first instance with the designated safeguarding lead or their deputy and advice sought on what action should be taken. Where required, advice on indicators of harm can be obtained from the MASH social worker on a no-names basis.
- Concerns may be monitored over time and recorded on the monitoring/incident form shown at appendix 2. Details of any concerning incidents should also be recorded on this form or the school's own pupil concern form.

5.3 Dealing with disclosures

If a pupil discloses to a member of staff that they are being abused, the member of staff should;

- listen to what is said without displaying shock or disbelief and accept what the child is saying;
- allow the child to talk freely;
- reassure the child but not make promises that it may not be possible to keep, or promise confidentiality, as a referral may have to be made to the CSSW team;
- reassure the child that what has happened is not their fault and that they were right to tell someone; reassure the child that they are not causing a problem;
- not ask direct questions but allow the child to tell their story;
- not criticise the alleged perpetrator;
- explain what will happen next and who has to be told;
- make a formal record and pass this on to the designated teacher.

5.4 Referral

- Where possible, a decision on whether or not to refer a pupil to the MASH should be made by the designated safeguarding lead or their deputy following a discussion with the member of staff who has raised concerns. However, this should not delay any referral and any member of staff may make a referral if this is necessary but staff should discuss the matter with a member of the senior leadership team and take advice from the Child and Family Contact team social worker. The designated safeguarding lead should be informed as soon as possible.
- Referrals should be in writing using an e-CAF referral completed either by the teacher raising concerns or by the designated teacher. Urgent child protection referrals will be accepted by telephone but must be confirmed in writing via the e-CAF referral within 48 hours.
- Where there is any doubt about whether the concerns raised meet the thresholds for a child protection referral, the designated safeguarding lead may discuss the case on a “no names” basis with the Child and Family Contact team social worker to obtain advice on how to proceed.
- Parental consent should be sought prior to the referral being made but a referral can be made if parents refuse consent where there are safeguarding concerns about the child and referral is a proportionate response to these concerns. Consent should not be sought if this would place the child at risk of further harm, interfere with a criminal investigation or cause undue delay.
- If the child already has an allocated CSSW social worker, the referral should be made directly to them. If the child is not already known to CSSW, referrals should be made to the Child and Family Contact team. If the child lives outside Camden, a referral should be made to their home local authority.
- All referrals will be acknowledged by the Child and Family Contact team manager within 24 hours and the referrer informed of what action will be taken.
- If the school does not think the child’s situation is improving within a reasonable timescale following referral, this should be taken up with CSSW/Early Help services via the designated safeguarding lead.

5.5 Attendance at case conferences and core groups

- The designated safeguarding lead will liaise with CSSW to ensure that all relevant information held by the school is provided to CSSW during the course of any child protection investigation.
- The designated safeguarding lead will ensure that the school is represented at child protection case conferences and core group meetings:
 - where possible, a member of staff who knows the child best, such as a class teacher, may be nominated to attend
 - failing that, the designated safeguarding lead or their deputy will attend
 - if no-one from the school can attend, the designated safeguarding lead will ensure that a report is made available to the conference or meeting.

5.6 Monitoring

Where a pupil is the subject of a child protection plan and the school has been asked to monitor their attendance and welfare as part of this plan;

- monitoring will be carried out by the relevant staff member in conjunction with the designated safeguarding lead
- all information will be recorded on the child protection monitoring/incident form shown at appendix 2 (or school's similar form) prior to each conference and core group meeting
- the completed monitoring form will be kept on the pupil's separate child protection file (that should be separate from the school record) and copies made available to all conferences and core group meetings
- the designated safeguarding lead will notify the allocated social worker if the child is removed from the school roll, excluded for any period of time or goes missing.

5.7 Records

- Child protection records relating to pupils are highly confidential and will be kept in a designated welfare file separate to the pupil's education records. These records will be securely held within the school.
- The designated safeguarding lead is responsible for ensuring that records are accurate, up to date and that recording is of a high standard.
- All information should be recorded on the safeguarding monitoring/incident form (see appendix 2)/school concern form and all records should be signed and dated.
- Records should show:
 - what the concerns were;
 - what action was taken to refer on concerns or manage risk within the school/college;
 - whether any follow-up action was taken;

- how and why decisions were made.
- Any incidents, disclosures or signs of neglect or abuse should be fully recorded with dates, times and locations. Records should also include a note of what action was taken.
- The monitoring/incident form must be completed;
 - whenever concerns arise or there is a serious incident **or**
 - where a child is being monitored, prior to a case conference or core group meeting.
- Child protection files must be accessed and information shared by members of staff on a 'need to know' basis only
- Where a child who is subject to a child protection plan transfers to another school, the designated safeguarding lead is responsible for ensuring that copies of all relevant records are passed to the designated safeguarding lead at the new school within 5 days.
- The designated safeguarding lead may also consider contacting the new school to share relevant information in order to ensure the child receives the support they need as soon as they transfer.
- Child protection records will only be kept until the pupil leaves the school/college and should be disposed of as confidential waste.

5.8 Confidentiality and information sharing

- All information obtained by school staff about a pupil will be kept confidential and will only be shared with other professionals and agencies with the family's consent unless there are safeguarding concerns that need to be shared with CSSW and parents refuse consent or seeking consent would place the child at further risk.
- If the child is under 12, consent to share information about them must be obtained from their parents or carers.
- Where a child is at risk of suffering significant harm, schools and colleges have a legal duty to share this information with CSSW and make appropriate referrals. Equally, where a child is subject to a child protection investigation, schools and colleges must share any information about the child requested by CSSW.
- Parental consent to making a child protection referral should be sought but if withheld, the referral must still be made and parents made aware of this. Before taking this step, schools and colleges should consider the proportionality of disclosure against non-disclosure; is the duty of confidentiality overridden by the need to safeguard the child?
- Parental consent to referral can be dispensed with if seeking consent is likely to cause further harm to the child, interfere with a criminal investigation or cause undue delay in taking action to protect the child. However, schools should discuss this with the Child and Family Contact team social worker on a "no names" basis to gain advice on whether this course of action should be taken.

- Only relevant information should be disclosed, and only to those professionals who need to know. Staff should consider the purpose of the disclosure, and remind recipients that the information is confidential and only to be used for the stated purpose.
- In the event that a child makes a disclosure of neglect or abuse, staff cannot guarantee them confidentiality, but must explain why they have to pass the information on, to whom and what will happen as a result. Parents should also be made aware of the school/college's duty to share information.
- Staff should discuss any concerns or difficulties around confidentiality or information sharing with the designated safeguarding lead or seek advice from the Child and Family Contact team social worker.

Christ Church School-specific additional procedures

- Safeguarding and child protection is a standing item for discussion on fortnightly Senior Leadership Team meeting agendas and regular KS2 and KS1/EYFS meeting agendas, where questions and general concerns can be raised. Safeguarding is also a standing item on weekly class team meetings between class teachers and Teaching Assistants working in the class, where concerns or questions can be raised about child well-being.
- Safeguarding and Child Protection is a standing item for general discussion on termly Behaviour and Safety Governors Committee agendas, where termly Safeguarding reports are shared. The school also has a designated Governor for Child Protection.
- Safeguarding matters are an agenda item on all Full Governing Body meeting agendas as part of the feedback from the Behaviour and Safety Committee. The full Safeguarding report is shared with the Full Governing Body annually.
- Child protection training/reminder about school policy and procedures is provided for all staff in the September INSET day and forms part of the written information given to all staff in the annual staff handbook.
- Induction into school safeguarding procedures, policies and the staff handbook is provided for all members of staff who join at other times of the year.
- Where relevant, information about parental access/parental contact arrangements are kept in the contact form files in the front office.

6 Early Years settings within schools

6.1 Legal and policy framework

As an early years provider delivering the Early Years Foundation Stage (EYFS), the school aims to meet the specific safeguarding and child protection duties set out in the Childcare Act 2006 and related statutory guidance.

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/974907/EYFS_framework_-_March_2021.pdf

The school will ensure that children taught in nursery and reception classes are able to learn and develop and are kept safe and healthy so that they are ready for school by providing a safe, secure learning environment that safeguards and promotes their welfare, and takes appropriate action where there are child protection concerns.

6.2 Safeguarding and child protection

All safeguarding and child protection policies listed in sections 4 and 5 of this policy will apply equally to children in early years settings so far as they are relevant to that age group.

In addition, the school has the following child protection policies:

- a policy on the use of mobile phones and cameras within the early years setting; recommended policies are:
 - parents and carers are asked to switch off mobile phones if they are coming into the early years setting and leave the setting if they need to use their mobile
 - parents are generally prohibited from taking any photographs of children in the early years setting, but for special events such as school performances, may do so on the understanding that the images are not posted onto social media sites or otherwise shared
 - staff seek parental permission to take photographs of the children, which must be linked to teaching the curriculum and that they use school equipment only for this purpose
 - staff do not bring personal mobile phones into the early years setting and use them only during breaks in the staff room.See also school-specific information below.

- a statement on how notifications will be made to Ofsted in the event of an allegation of serious harm or abuse by any person working in the early years setting: the DSL (or in the case of a notification about the DSL, the Chair of Governors) will make notifications to Ofsted in this circumstance.

6.3 Suitable people

The school will follow the Safer Recruitment and Staff Conduct policy for Schools (Camden) to ensure that staff and volunteers who are recruited to work in the early years setting are carefully selected and vetted to ensure they are suitable to work with children, have the relevant qualifications and are not disqualified from working in childcare settings.

This policy will apply equally to staff and volunteers in the early years settings, and the school will ensure that they receive proper training and induction so that they are aware of their role and

responsibilities, all school policies and the school's expectations regarding conduct and safe teaching practice.

Whenever an allegation is made against a member of staff in the early years setting, the school will follow the Camden policy "*Guidance of the management of an allegation against a member of staff*" as referred to in section 2 of this document.

Where early years staff are taking medication that may affect their ability to care for young children, this will be notified to the head teacher.

6.4 Staff training, skills and supervision

The school will ensure that:

- all staff in early years settings have the relevant qualifications and skills for their role and receive the relevant induction, child protection and safeguarding training in line with this policy
- all policies set out in the Safer Recruitment and Staff Conduct policy for Schools (Camden) will apply equally to early years staff
- all early years staff receive supervision that helps them to effectively safeguard children by providing opportunities to discuss issues and concerns and decide on what action to take
- all early years staff are able to communicate effectively in English both orally and in writing
- a member of staff who holds a current paediatric first aid certificate is available on the school premises at all times and accompanies children on school trips
- each child in the early years setting has a designated keyworker who liaises with parents to provide individual support for the child.

6.5 Staff ratios

The school will ensure that:

- staff levels within the early years setting comply with statutory guidance and can meet the needs of the children, provide suitable levels of supervision and keep them safe
- parents are kept informed of staff members and numbers
- children are kept within staff sight and hearing at all times.

For Reception classes:

- class sizes will be limited to 30 pupils
- classes will be led by a qualified teacher supported by suitably qualified support staff.

For before and after school provisions, schools will decide how many staff will be required for adequate supervision based on the age and needs of the children attending.

6.6 Health

The school will:

- promote the health of children attending the early years provision
- take necessary steps to stop the spread of infection
- administer medicines only in line with the school's policy
- take appropriate action where children are ill
- ensure any meals provided are nutritious and prepared in a hygienic manner
- notify Ofsted of any serious accident, illness or death of any child whilst attending the early years setting within 14 days.

6.7 Health and safety and suitability of premises

The school will ensure that all indoor and outdoor spaces and facilities used for early years settings are safe and fit for purpose and comply with school policies and standards for site safety and health and safety as set out section 7 of this policy. Additionally, the school will ensure that all potential hazards within the school and during school trips are regularly risk assessed.

The school has specific policies for ensuring that records of parents' details and contact numbers for emergencies are kept up to date and that children are released to the care of their parent or other responsible adult with the parent's consent at the end of the day as well as policies for dealing with uncollected children.

Smoking or vaping are prohibited at all times in the school building or on the school site.

Christ Church School – specific additional procedures

- EYFS and EYFS outdoor risk assessments – updated at least annually and shared with staff
- No Smoking Policy
- EYFS curriculum documents and plans- supporting children to learn how assess risk and keep themselves safe
- Key worker: The Reception class teacher is the key worker for all the children in the Reception class.

- Use of mobile phones (in addition to information above):

Personal mobile phones or cameras owned by members of staff are not to be used in the school or at school events to take images or make any form of recording of children. School cameras or recorders only are to be used and images used only for school purposes: e.g. assessment, sharing with parents (including on school website with appropriate permissions), recording pupils' work.

Visitors, including parents, are asked not to use mobile phones when visiting classrooms. Parents taking photos at school events are asked not to share these via the internet/social media.

Children's phones must be kept in school office – children do not have access to phones during school day.

- Collection/drop off of children:

This applies in detail to our reception class, but in principle to all the children in the school:

Particular attention is paid to the safety of children in our care during drop off and pick up from school. Children remain in the care of their parents/carers until the bell rings and children line up and enter the classroom. An adult will stay on the door of the classroom while the playground gate is

open (or the door will be closed and secured if there is any risk of children exiting) to ensure that all children in the line enter the classroom and that no children go back out into the playground once they have entered the classroom.

At the end of the day, children are dismissed one at a time to a known parent/carer at the door. We ask parents to provide us with names and contact details for the adults who regularly pick children up on each day and to let us know any changes. This is usually communicated to the adults in the classroom via the home-school book. If there is any doubt about the adult picking up a child, confirmation will be sought by telephone from the usual parent/carer.

- Moving around the school site/very local area: Children move around the school site (or to church) with an adult at the beginning and end of the line and/or are head counted to check everyone is present at all times.

6.8 Managing behaviour

The school will take all reasonable steps to ensure that behaviour management techniques are appropriate to the child's age and that corporal punishment is not used or threatened. However, staff will be permitted to use appropriate physical intervention in line with the school's Policy on Physical Contact with Children (based on Camden's Physical intervention and restraint policy).

6.9 Records and information sharing

The school will ensure it keep accurate records about the child which will be lawfully shared with others for the purposes of safeguarding children as set out in section 5.8 of this policy.

7 Health and safety and risk assessments

7.1 Responsibility for health and safety

The governing body and head teacher will ensure that there is a robust health and safety policy in place in order to meet the statutory responsibility for the safety of pupils and staff within the school environment.

Any health and safety policy adapted by the school/college will be based on the government guidance (link below) and will seek to balance risk avoidance against providing pupils with opportunities to take part in activities that help them learn to manage risk themselves.
https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/279429/DfE_Health_and_Safety_Advice_06_02_14.pdf

Day-to-day responsibility for health and safety issues in the school/college will be delegated to a member of staff who is competent to carry out these duties and who has received the appropriate training. This is:

<p>Name: Glen Dunbar Designation: Site Services Officer Contact details: 020 7435 1361</p>

7.2 Risk assessments

The school/college will seek to identify and manage risk through the use of risk assessments. These will be carried out:

- on an annual basis for the school environment as a whole
- for all school trips
- for pupils travelling between locations during the school day
- for all work-based learning or work experience placements
- when a pupil who has been excluded for risky or violent behaviour is returning to the school
- whenever there are any changes to the school environment or school practices
- following any serious incident.

7.3 Working with aggressive and violent parents

Where schools are working with families who are known to CSSW and there are concerns about the behaviour of parents towards members of school staff, this must be discussed with the head teacher and the designated safeguarding lead and the information shared with CSSW.

If there are high levels of risk involved in contact with parents, CSSW may convene a risk assessment meeting with the network in order to discuss strategies to reduce risk, and it is vital that schools and colleges are part of this process.

7.4 Site security and visitors

- The board of governors is responsible for the security of the school premises and will take steps to ensure it is a safe environment and securely protected against trespass and/or criminal damage.

- In general, occasional visitors to the school such as parents will not be subject to DBS checks but their movement around the premises will be supervised.
- The head teacher and the board of governors will ensure that any contract entered into with contractors sets out clearly the expectations for workers' behaviour and the responsibility of contractors to monitor and ensure compliance with school/college policies.
- The head teacher will decide whether or not contractors should be subject to DBS checks before being allowed access to the building, depending on the level of access they are likely to have to pupils.
- Contracted workers will not be allowed to approach or speak to pupils in any circumstances and must ensure that all equipment and working practices are in line with health and safety standards.
- Where the visitor is employed by an organisation where DBS checks are normally required, for example NHS staff, the head teacher will request written confirmation that relevant checks have been carried out for that individual.
- Visiting organisations such as theatre groups who will be performing for or working directly with pupils will be expected to have adequate child protection procedures in place and must agree with class teachers in advance what level of supervision or contact they will have regarding pupils.
- All visitors and contractors will be:
 - informed to report to reception on arrival;
 - expected to provide proof of identity
 - expected to wear a name-badge or carry some form of identification at all times when on the school/college premises;
 - suitably supervised by school/college staff at all times;
 - made aware of school/college health and safety procedures.

Christ Church School-specific additional policies/procedures

- Health and safety policy (annually reviewed and shared with staff), health and safety termly walks and records
- Site security:
Visitors to the school are required to sign in the visitors' book in the front office, show ID and wear a visitor lanyard which informs them of basic safeguarding information and procedures
Contracted workers are supervised by the site services officer when on the school premises.
Visitors do not have unsupervised access to children unless fully DBS checked.
Site security risk assessment in place
- Risk assessments:
Standard school risk assessments are reviewed and updated annually and shared with staff
Risk assessments are in place for individual children (for both in school and on school trips) if that child presents a serious risk or danger to themselves or another child or adult.
Risk assessments for all trips and unusual events in school
- Staff are not permitted to meet with parents who are identified as aggressive or violent on their own.

7.5 Alternative education provision

Whenever the school places a pupil with an alternative education provider, the school will obtain written confirmation of the provider's safeguarding and child protection policies and ensure that appropriate safeguarding checks on individuals working at the establishment have been carried out.

The school/college recognise that alternative provision may increase risk for vulnerable pupils and will follow the relevant government guidance:

<https://www.gov.uk/government/publications/alternative-provision>

<https://www.gov.uk/government/publications/education-for-children-with-health-needs-who-cannot-attend-school>

7.6 Use of the school premises by other organisations

The school will only allow use of the school premises by other organisations outside school hours for the purposes of providing supplemental schooling if:

- the school's articles of trust or other incorporating document allows this;
- the organisation provides an overview of what it intends to teach so that the board of governors is able to make a judgement on whether this is in line with the promotion of British values
- the organisation can provide copies of child protection policies and procedures and the school accept these as adequate
- the organisation can provide evidence that they have followed safe recruitment practices and that their staff have the requisite DBS checks
- the following reasonable and due diligence checks are taken out on the organisation by the school;
 - an internet search on the organisation
 - checks with Camden's Community Groups and Schools Consultant (020 7974 7319)
 - checks with Prevent Education officer (020 7974 1008)
 - checks with Camden Community Safety and the local police
- details of the agreement are recorded on the partnership agreement record with clear provision for the circumstances under which the agreement can be terminated by the school for breach

7.7 Monitoring and review

To enable the school to monitor the safety of the premises and the school environment, as well as the implementation of policies, the head teacher and the board of governors will ensure that;

- all school policies are regularly monitored by the designated safeguarding lead and annually reviewed by the head teacher and governing body;

- the school keeps a central record of all accidents and incidents including what action was taken and by whom;
- staff are aware of their responsibility to record accidents and incidents;
- the head teacher has an overview all accidents/incidents;
- serious accidents and incidents are reported to the board of governors;
- the designated safeguarding lead ensures a high standard of recording of all concerns held about children;
- all accidents and incidents are scrutinised on a regular basis by the board of governors to identify any problems or weaknesses around school safeguarding policies and procedures or any emerging patterns, and agreeing to any course of action.

Christ Church School-specific procedures:

School accident books maintained for minor accidents.

Termly safeguarding report to governors presents and summarises accident data.

Accident reporting procedure shared with all staff and in staff handbook

Part B: Additional safeguarding policies and procedures

B1 Non-collection of children from school

The school will put in place a policy regarding handing over children to adults who are not their parent or known carer at the end of the school day. Parents will be asked to provide the details of the person who will normally collect the child and will be informed of the need to notify the school in advance if this changes, giving details of the person authorised to collect the child. The school will also ensure that the details of at least two people who can be contacted in an emergency in the event that the child is uncollected.

Parents will also be asked to inform schools where children are subject to court orders that limit contact with a named individual or when information about the child should not be divulged because it may pose a risk to the child.

In the event that anyone who is not authorised to do so attempts to collect the child, the school will not allow the child to leave but contact the parent immediately.

If a child is uncollected at the end of the school day, the school will follow the procedure agreed with CSSW:

- The schools will check with the child to see if there are any changes to arrangements for collection and try to make contact with the parent or other family members and wait with the child until someone comes to collect them.
- Children will not be released into the care of another parent even where they offer to take the child home.
- The school will contact the Children and Families Contact Service to put CSSW on notice at 4.00 pm if there are difficulties in contacting parents or other family members.
- If no contact can be made with the parent by 4.30pm, the school will contact the Children and Families Contact Service who will arrange for a social worker to collect the child or make arrangements for the child to be transported to the CSSW office.
- The school will regularly ask parents to confirm and update contact details and to nominate a family member or friend who can collect the child in the event that they are unable to do so.
- Where children are regularly uncollected or collected late, this should be discussed with the designated safeguarding lead and reported to the Pupil Attendance Service. If there are also child protection concerns, a referral should be made to CSSW.

Christ Church School-specific procedures:

- Three contacts for all pupils collected and updated at least annually via home school book contact sheet
- Collection contact information also collected at least annually via home school book
- Regular reminders to parents to update contact information and arrangements

B2 Children who are missing from education or home educated

Schools need to be aware of those children who are persistently absent or missing from school as this may be an indicator of welfare concerns.

Attendance policies should state clearly who needs to be notified and what action should be taken and any relevant timescales. Parents should be asked to provide contact details for at least 2 or more people who can be contacted in the event that a child does not attend school. Schools should refer to Camden's "Children missing from education" policy and the CSCP missing children protocol for further details available at: [Schools and Nurseries Safeguarding Policies | Camden Safeguarding Children Board](#)

Where a parent notifies the school that they are removing the child so they can be educated at home, the following notifications should be made:

- The Pupil Attendance Service must be notified of all decisions.
- If the child is already known to CSSW, their allocated social worker should be notified immediately.
- If the child is not known to CSSW, but the school has concerns about their welfare, the designated safeguarding lead should make a referral to CSSW.

See Appendix 3 for Christ Church School additional detailed information related to CME.

B3 Peer on peer (child on child) abuse

The school will ensure that all staff are aware of peer on peer abuse and know what action to take when a pupil's behaviour is likely to cause harm to other pupils. This may be through:

- bullying and cyberbullying
- physical violence
- sexual violence and sexual harassment
- upskirting
- sexting
- initiation rites (hazing).

All incidents of peer on peer abuse will be dealt with under the Peer on peer and sexual violence and harassment guidance for schools and colleges available at:

<https://cscp.org.uk/professionals/schools-and-nurseries-safeguarding-policies/>

See also the Christ Church School Positive Behaviour and Anti-Bullying Policy

B4 Harmful sexual behaviour, sexual violence and harassment

The school recognises that sexual violence and sexual harassment between pupils is a serious safeguarding issue and such behaviour will not be tolerated.

The school will follow the statutory guidance *Sexual violence and sexual harassment between pupils* and will work with relevant agencies to safeguard and support victims, take appropriate action against alleged perpetrators and ensure a safe learning environment for all pupils.

<https://www.gov.uk/government/publications/sexual-violence-and-sexual-harassment-between-children-in-schools-and-colleges>

All incidents involving sexual violence or sexual harassment between pupils will be dealt with under the *Peer on peer and sexual violence and harassment guidance for schools and colleges* guidance and the *Harmful sexual behaviour* protocol.

<https://cscp.org.uk/resources/sexual-harmful-behaviours/>

See also the Christ Church School Positive Behaviour and Anti-Bullying Policy

B5 Prevention of radicalisation

The school's safeguarding duty includes the duty to promote British values in order to counter the extremist narrative and prevent young people from being radicalised and drawn into terrorism.

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/380595/SMSC_Guidance_Maintained_Schools.pdf

Under Counter-Terrorism and Security Act 2015, the school/college also has a duty to refer young people on to Camden's Channel Panel under the Prevent strategy where there are concerns that they are being radicalised.

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/417943/Prevent_Duty_Guidance_England_Wales.pdf

The school/college will follow the guidance set out in the CSCP guidance "Safeguarding children and young people from radicalisation and extremism" where:

- a school/college has concerns that a young person might be considering extremist ideologies and/or may be radicalised and would benefit from specialist support to challenge extremist ideologies, or
- a younger pupil may be at risk due to their parent's radicalisation.

The guidance is available at: <https://cscp.org.uk/wp-content/uploads/2019/06/CSCB-guidance-on-radicalisation-and-extremism.pdf>

Additional information

Schools should always be a safe space for young people to explore new ideas and perspectives, and develop their critical thinking skills. Where there are concerns about radicalisation and a referral under the Prevent Duty

is being considered the school/college should discuss these concerns internally and also consider external advice and guidance where necessary and appropriate

The school/college designated safeguarding lead should be consulted for internal advice on making a referral. Prior to making a referral the school may also speak to and get advice from their police

schools officer (if they have one), the Police Prevent Engagement Officer (Mark Fowler, mark.p.fowler@met.pnn.police.uk or call 0208 733 6014) and Camden's Prevent co-ordinator (Albert Simango, albert.simango@camden.gov.uk or call 020 7974 6050) or the Prevent Education Officer (Jane Murphy, jane.murphy@camden.gov.uk or call 020 7974 1008).

B6 Mandatory reporting of Female Genital Mutilation (FGM)

The school will follow the statutory guidance on FGM available at:
[Multi-agency statutory guidance on female genital mutilation - Publications - GOV.UK](#)

Where a pupil makes a disclosure of FGM, the school/college will follow the mandatory reporting rules and make appropriate referrals to the police as set out in the CSCB guidance available at:
<http://www.cscb-new.co.uk/wp-content/uploads/2015/10/FGM-mandatory-reporting-guide.pdf>

All concerns around FGM, including any disclosure made by a pupil, will be discussed with the designated safeguarding lead before any action is taken.

B7 Online safety

As part of its duty to provide a safe learning environment and ensure pupils are taught how to remain safe online, the school/college will implement the recommendations of Camden's model schools online policy available at: <https://cscp.org.uk/professionals/schools-and-nurseries-safeguarding-policies/>

See also Christ Church School Online Safety Policy and Acceptable Use Agreements, plus home school agreements in Home School Books

B8 Looked after and previously looked after children and care leavers

The school recognises that looked after and previously looked after children and care leavers are particularly vulnerable due to their status and their pre-care experiences.

The school's designated teacher for LAC and care leavers has specialist knowledge of the issues faced by this cohort and for this reason, the designated safeguarding lead will consult with the designated teacher to seek advice whenever there are concerns about the welfare of a looked after or previously looked after child or care leaver.

Additional information

Schools should be aware of the duty to promote the education of previously looked after children; these are defined as children who have left the care system as a result of adoption or special guardianship order. It is recognised that these children may face the same difficulties and have the same vulnerabilities as looked after children.

B9 Children with special education needs or disabilities (SEND)

The school is aware that children with special education needs or disabilities may be more vulnerable to harm and abuse and may be more likely to experience bullying. They may also have difficulty in reporting harm and abuse due to communications difficulties and professionals may miss vital indicators.

School policies reflect these issues and recognise that staff need to be able to help this group to overcome barriers to seeking help. The school/college will follow the CSCP guidance *Safeguarding children with disabilities available at:*

<https://cscp.org.uk/wp-content/uploads/2019/06/Safeguarding-children-and-young-people-with-disabilities-guidance.pdf>

See also the Christ Church School SEND and Inclusion Policy

B10 Safeguarding vulnerable groups

The school is aware that some pupils may be living in circumstances that may make them more vulnerable to abuse, neglect or poor outcomes and who may need help or intervention from Early Help Services, CSSW or other agencies in order to overcome problems or keep them safe.

The school will adhere to the following policies in order to respond to the needs of these vulnerable groups.

Children who have a social worker

The school recognises that children who are receiving a social work service from CSSW and who are subject to child in need or child protection plans are likely to have experienced abuse, neglect and trauma and that this could have a negative effect on their behaviour and learning.

CSSW social workers will inform schools whenever a child is receiving a service and the designated safeguarding lead will keep a record of all pupils who have an allocated social worker.

The school will work in partnership with social workers to implement the child's plan in order to support their education and safeguard and promote their welfare. A representative of the school who knows the pupil well will become part of the professional network and will share information about safeguarding risks and attend planning meetings. In their absence, a suitable colleague will deputise for the member of staff or a written report will be provided for meetings.

Children at risk of forced marriage

Forced marriage - Detailed guidance - GOV.UK

Domestic abuse and/or sexual violence

<https://cscp.org.uk/wp-content/uploads/2019/06/CSCB-domestic-abuse-guidance.pdf>

Schools can refer young people affected by domestic or sexual violence to the specialist worker based in the Camden Safety Net on **020 7974 1864** for advice and support. Schools and colleges

should also be aware that the definition of domestic abuse now includes victims aged 16 and 17 years old and that these victims should be referred to Camden Safety Net for a service in their own right.

Privately fostered children

<https://cscp.org.uk/resources/private-fostering-resources/>

Schools have a legal duty to notify Camden of any pupil they know to be privately fostered. Schools should contact the Fostering team on **020 7974 6783** to notify Camden of any private fostering arrangements that come to their notice.

Young carers

<https://cscp.org.uk/resources/young-carers/>

If schools have concerns about a pupil they believe to be a young carer, they can contact Family Action on **020 7272 6933** for advice and can refer the pupil on for services and support. Further details can be found on the website.

www.family-action.org.uk

B11 Extra-familial harm and exploitation

The school is aware of the risk to children and young people from extra-familial harm and staff will be vigilant to the indicators of extra-familial harm in relation to pupils at all times.

Whenever staff are made aware of any safeguarding incident or concerning behaviour that has taken place out of the home and that has put a pupil at risk, staff will discuss the matter with the designated safeguarding lead and consider the level and nature of the risk before making decisions on referrals.

Young people experience physical, cognitive and emotional changes during adolescence and will grow more independent, spending more time away from home. They may pursue risky behaviours and as a result, they may face heightened risk from safeguarding threats outside of the home.

These threats may be from within the community, from other pupils at school/college or from their own peer group rather than from within the family and there may be no concerns about parenting other than concerns about supervision. Sources of harm and exploitation can include:

- child sexual exploitation
- child criminal exploitation including county lines
- modern slavery and trafficking
- gang activity and youth violence
- radicalisation.

Exploitation is a form of abuse involving an imbalance of power within a relationship that allows one party to use this power to manipulate another to carry out an act. The victim may believe that they are acting on their own accord but in fact their consent has been obtained through deception, duress or force and threats of violence.

Factors such as substance misuse and periods of going missing from home or school can also add to young people's vulnerability to extra-familial harm and are often indications that exploitation may be taking place.

The school will adhere to the following policies whenever there are concerns that young people are at risk from extra-familial harm:

Children at risk of sexual exploitation

<https://cscp.org.uk/wp-content/uploads/2019/06/CSCB-multi-agency-guidance-on-child-sexual-exploitation.pdf>

County lines and criminal exploitation

<https://www.gov.uk/government/publications/criminal-exploitation-of-children-and-vulnerable-adults-county-lines>

Criminal exploitation occurs where a person or a group of people takes advantage of their contact with and influence over a young person to coerce or manipulate them into carrying out a criminal act. Examples of criminal exploitation are:

- county lines
- benefit fraud
- forced theft
- forced begging
- cannabis cultivation
- money mule (where the young person's bank account is used by others for money laundering).

County lines is the most common form of criminal exploitation in Camden and describes when gangs and organised crime groups exploit young people to transport and sell drugs, sometimes across county boundaries but also locally and within the borough. The young people have dedicated mobile phone 'lines' for taking orders for drugs and are used as they are less likely to be stopped by police, allowing adult dealers to avoid the risk of arrest.

Indicators include unexplained money, having several mobile phones, frequent calls, being in trouble with the police for possession of drugs, being found in an area to which they have no connection.

Modern slavery and trafficked children

<https://cscp.org.uk/resources/child-trafficking-and-modern-slavery/>

The CSCP protocol provides guidance for agencies where it is thought children have been trafficked into or within the UK or where they are vulnerable to modern slavery/forced labour. This includes young people who are criminally exploited under the county lines model.

Young people at risk from gang activity or serious violence

[Safeguarding children and young people who may be affected by gang activity - Publications - Inside Government - GOV.UK](#)

Schools should be aware of the indicators that a young person may be involved in violent crime or may be being criminally exploited and as such at risk from becoming a victim of violence. Indicators include absenteeism, changes in friendship groups, declining academic performance, changes in emotional welfare and signs of physical assault.

*Camden has a comprehensive strategy for reducing the risks posed by gang activity, and schools can refer young people to the Young Person's Advocate based in the Youth Offending Service on **020 7974 6174** for advice.*

Children who run away/go missing

<https://cscp.org.uk/resources/missing-children-from-home-and-care/>

Schools should also be aware that many of these forms of exploitation are linked and that going missing from home or from education can be an indicator that young people are involved in child sexual exploitation, gang activity, modern slavery, criminal exploitation and trafficking.

B12 Children and young people experiencing mental health issues

The school recognises that some pupils may experience mental health issues that can negatively affect their behaviour and their ability to participate fully in education.

The school/college is party to the multi-agency protocol on children and young people's mental health and will carry out its responsibilities under that protocol where there are concerns about a pupil's mental and emotional wellbeing.

<https://cscp.org.uk/wp-content/uploads/2021/05/Interim-multi-agency-protocol-on-children-and-young-people%E2%80%99s-mental-health-2021.pdf>

Where there are safeguarding concerns arising from a pupil's mental health issues, staff will discuss concerns with the designated safeguarding lead to agree any actions to be taken.

The school will ensure that staff have an understanding of trauma informed practice and its link with mental health and are able to recognise pupils who are experiencing mental health issues and help them to access the most appropriate help.

The school will ensure that staff are teaching about mental wellbeing (as part of the statutory Health Education) to help reduce the stigma attached to mental and emotional problems and ensure that pupils know how to keep themselves mentally healthy and how to seek support.

The school will also ensure early identification of pupils who have mental health needs and put in place appropriate support and interventions, including specialist services, where needed.

The school/college will take account of the government guidance *Mental health and behaviour in schools*.

CHILD PROTECTION: DEFINITIONS AND INDICATORS

Definitions

Child protection is part of the safeguarding agenda that focuses on preventing maltreatment and protecting children at risk of neglect or abuse. Neglect: failure to provide basic care to meet the child's physical needs, such as not providing adequate food, clothing or shelter; failure to protect the child from harm or ensure access to medical care and treatment.

Physical abuse: causing physical harm or injury to a child.

Sexual abuse: involving children in sexual activity, or forcing them to witness sexual activity, which includes involving children in looking at or the production of pornography.

Additional information and procedures relating to Children Missing from Education (CME)

Children particularly at risk of going missing from education

Keeping Children Safe in Education (and the related guidance for Local Authorities: Children Missing from Education, Dfe, September 2016) states that some children are particularly at risk of going missing from education. These include children who:

- Are at risk of harm or neglect
- Come from Gypsy, Roma or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

Managing information on the admission register

The admission register should be accurate and up to date. The Christ Church School admissions register is held electronically on our School Management Information System (Integris). Schools should encourage parents to inform them of any changes to their information, to help the school and LA when making enquiries about missing children.

In particular, where a parent notifies the school that a pupil will live at another address, the school must record the following in the admission register:

- The full name of the parent with whom the pupil will live
- The new address
- The date from when it is expected the pupil will live at this address

Where reasonably possible, schools should hold more than one emergency contact number for each pupil. This is good practice, and gives schools additional options to contact responsible adults when a child missing education is also identified as a welfare or safeguarding concern. Christ Church School holds three emergency contact numbers for each child.

When pupils start at the school

Schools must enter pupils on the admission register at the beginning of the first day on which the school has agreed, or been notified, that the pupil will attend the school.

Where a pupil is added to the register at a non-standard transition point (i.e. not at the start of the first year of education normally provided by that school), the school must:

- Notify the LA within five days
- Provide the LA with all the information held within the admission register about the pupil

The LA may also request this information for pupils added to the admission register at a standard transition point.

If a pupil fails to attend on the agreed or notified date, the school should undertake reasonable enquiries to establish the child's whereabouts and consider notifying the LA at the earliest opportunity.

Making reasonable enquiries

Schools and LAs are expected to have procedures in place to carry out reasonable enquiries where a child is missing from education, and should agree between them roles and responsibilities in relation to this. The Camden model safeguarding policy sets out the school and LA responsibilities in this regard.

Christ Church School will, in the first instance, make contact with the parent, relatives and neighbours using known contact details. If no contact is made, the school will inform the LA who will make further enquiries. These may include:

- Check local databases within the LA, or the DfE's Key to Success or school2school systems
- Follow local information sharing arrangements and where possible make enquiries via other local databases and agencies, including any agencies known to be involved with the family
- Check with UK Visas and Immigration and/or the Border Force
- Check with the LA and school from which the child moved originally, or any LAs or schools to which the child may have moved
- Check with the LA where the child lives, if different from where the school is
- In the case of children of service personnel, check with the Ministry of Defence Children's Education Advisory Service
- Conduct home visit(s) (made by the appropriate team), following local guidance concerning risk assessment, and if appropriate make enquiries with neighbour(s) and relatives

Records of the checks made will be kept by the School and LA.

When pupils leave for another school

Where a parent notifies the school that a pupil is registered at another school or will be attending another school in future, schools must record the following information in the admission register:

- The name of the new school
- The date when the pupil first attended or is due to start attending that school

When a pupil leaves the school, maintained schools are required to send a common transfer file (CTF) to the pupil's new school.

Where a pupil leaves the school but their destination school is unknown, or the pupil is moving abroad or to an independent school, the school can upload the CTF to the 'lost pupil database' in the DfE's school2school system. Where a pupil arrives in a school and their previous school is unknown, the new school can ask its LA to search the lost pupil database to find the pupil's CTF.

Removing a pupil from the school roll

Where a pupil's name is to be removed from the admission register at a non-standard transition point (i.e. not including pupils who have completed the school's final year) for any of the reasons set

out in the 2006 regulations, the school must notify the LA as soon as the ground for removal is met and no later than the time at which the pupil's name is removed from the register.

The school must also provide the LA with the following information:

- The full name of the pupil
- The full name and address of any parent with whom the pupil lives
- At least one telephone number of the parent with whom the pupil lives
- The full name and address of the parent who the pupil is going to live with, and the date the pupil is expected to start living there, if applicable
- The name of the pupil's destination school and the pupil's expected start date there, if applicable
- The ground in regulation 8 of the Education (Pupil Registration) (England) Regulations 2006 under which the pupil's name is to be removed from the admission register

Monitoring attendance

Schools must monitor pupils' attendance through their daily register.

They should also:

- Monitor attendance closely and address poor or irregular attendance
- Refer poor attendance to the LA
- Investigate any unexplained absences as part of their wider safeguarding duties

Responsibilities

Governing bodies and proprietors should put in place appropriate safeguarding responses to children who go missing from education, particularly on repeat occasions

All staff should be aware that children going missing, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities.

Staff should be aware of their school's or college's unauthorised absence and children missing from education procedures.

Refer also to the Christ Church School Attendance Policy and Safeguarding and Child Protection Policy.
