

Year 6 History Trip - British Museum – September 2021

We visited the British Museum to build upon our history learning in school. We are learning all about the Ancient Greeks. We explored a room full of Ancient Greek pots which are a fantastic primary source, teaching us many things about both the Greek Gods and Goddesses, as well as what life was like in Ancient Greek times. Seeing the pots at the museum will inspire clay pots we will be making in school very soon.

We then had a workshop learning about who the figures are on the pots and vases and how to identify them. For example, Herakles (or Hercules) would always be shown holding a club, wearing a lion's skin and with a bow and arrow. After our workshop, we then used our new learning whilst exploring further artefacts. We then learnt about everyday life in Ancient Greece, using many other primary sources that the museum has on offer.

Back in school, We made posters to show what we learnt and help us remember.
