

Anti-Bullying Champions

Our current Anti-Bullying Champions in Year 6 sent a powerful message to the children in the school on how to be an upstander and speak out against bullying by presenting an assembly to the school. Other ABCs in Year 6 went into different classes to help teach about anti-bullying!

All of Year 5 have been busy working towards becoming new Anti-Bullying Champions; making upstander pledges and learning about discriminatory bullying. They have been helping to make an anti-bullying video sharing useful tips and information about who can help if you feel you are being bullied, alongside creating some great art work!
