

CAP Project – Georgia O’Keeffe

Year 1 have been creating amazing artwork inspired by the work of Georgia O’Keeffe. We focused on individual flowers, primary and secondary colours, and making controlled observational drawings. This work links to our Happiness Project topic theme ‘Simplicity’ which teaches us about how spending time appreciating nature can support our well being and happiness.

After sketching our flowers, we drew them again on watercolour card. Then we went around the sketch with oil pastel, and finished our paintings using Brusho paint.

First, we selected flowers and took close-up photos of them. Then we practised sketching them on paper to make sure we could draw them big enough.
