

# A-life

Today, Year 2 and 3 took part in a A-life workshop to learn about how to keep the body healthy. It was a fantastic interactive workshop where the children learnt about eating healthily, about exercise and how to brush our teeth correctly.

We even got to see inside the human body!

Year 6 took part in a workshop learning the impacts of illegal drugs, alcohol and smoking. It was interesting to debate whether or not smoking should be banned.
