

Great assembly, Year 5!

Thank you for a great assembly, Year 5! You presented all your learning in such a confident and entertaining way and we loved your songs and musical performance from the Camden Music Festival, too!

We were very impressed with the model bird hides you are building in DT. We loved the way you are cooperating in groups, selecting and using the tools and materials independently and thinking about how to make your bird hides accessible and camouflaged. Super!

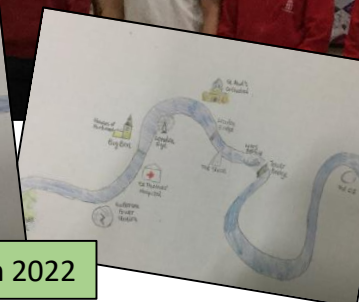

You shared lots of your learning about the battles for the throne at the end of the Anglo Saxon period, the customs of the Ancient Maya civilization, the important trades in South America and the founding of the Sikh religion – you have been busy!

Dear 18-year-old Audrey,
I have collected lots of wisdom that I know I will need when I am older.
Firstly, you need to know that being with family is really important and so is being with your friends. They are always there for you and can support you when you need it.
Secondly, I advise you to be kind to everyone and treat them with respect. After all, that is how you would like to be treated too.
Thirdly, remember that too much screen time is not good for you! I know that will be hard for you as an 18-year-old, but remember all the other fun activities you could be doing like enjoying the outdoors or reading amazing books.
Please take all of this wisdom on board! I know it will help you.
From,
10-year-old Audrey

We heard some super writing, including pieces describing the witches on the heath in Macbeth and your letters to your older selves inspired by your learning about wisdom in R.E.

March 2022

We also heard all about your Geography Thames Explorer trip and how you learnt how to draw sketch maps.
