

Houses of Parliament

As part of our learning about democracy, we visited the Houses of Parliament for a guided tour! When we arrived, we were split into groups and introduced to our tour guide who gave us all headsets for the tour.

We then visited Central Lobby where we learnt about the House of Commons and the House of Lords. We learnt about how people are elected to the House of Commons and how people are chosen to become a member of the House of Lords.

We started in Westminster Hall where we learnt lots about the history of the parliamentary building and how it has been used through history.

We were able to sit in the public galleries of both the House of Commons and the House of Lords and spent some time listening to the discussions that were taking place.

Year 5 and Year 6, May 2022
