

Jubilee coasters

May 2022

For our second Christ Church Arts Project this year, every child designed and made a beautiful coaster to keep as a lasting memento of our Platinum Jubilee celebrations. We even sent a set to the Queen and we hope she uses them in one of her palaces!

Year 1 used their collage skills to create both their 70 designs and their stamp backgrounds.

Reception printed their golden crowns using stencils they had drawn themselves, thinking carefully about where to decorate with sequins.

Year 2 created their own crown printing blocks and then carefully overprinted to create their two-colour designs.
