

# Jubilee coasters

May 2022

For our second Christ Church Arts Project this year, every child designed and made a beautiful coaster to keep as a lasting memento of our Platinum Jubilee celebrations. We even sent a set to the Queen and we hope she uses them in one of her palaces!

Year 4 designed their own crown and then recreated them in material, sewing felt layers and decorative sequins.

Year 3 thought carefully about the placement of the stamps to create their backgrounds and then used a stencil to print on the Queen's profile.

Year 5 carefully selected and arranged a digital collage of photographs from the Queen's life to create their final designs.

Year 6 used their embroidery skills to sew the Platinum Jubilee symbol carefully on to felt using backstitch.
