

Super assembly, Year 4!

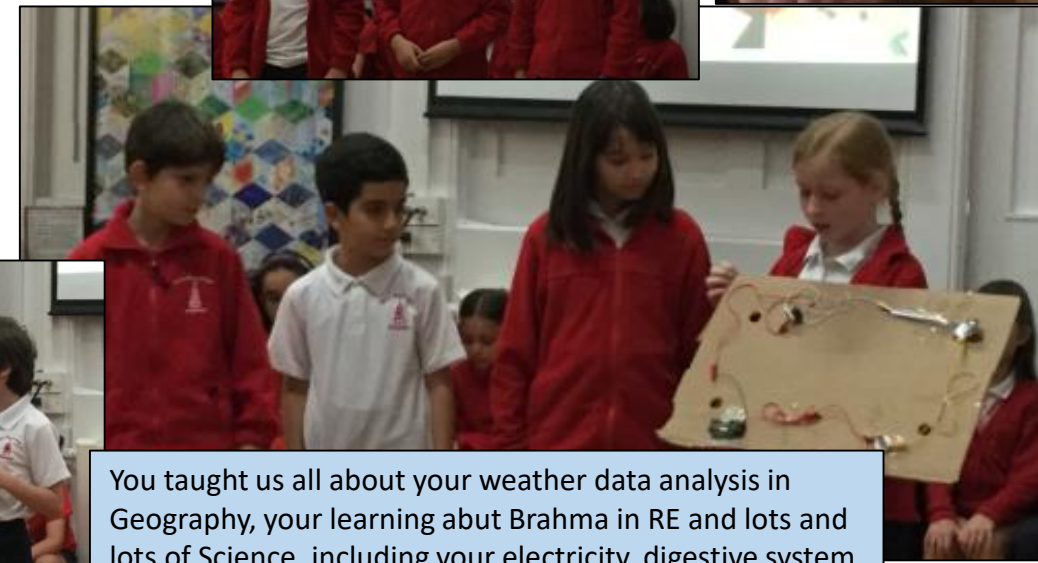

Thank you for presenting such a professional assembly full of creativity and interesting facts!

We loved your two music performances – an excellent instrumental performance with lots of solos and a super rendition of 'Electrical Power!'

We taught us all how to use view finders to select and draw a small area of a larger landscape or image. We also heard all about how you are practising different stitches in preparation for making money containers in DT.

English
Syllabic poetry
**VEGETARIAN
HIPPOPOTAMUS
EVALUATING
POTATO-SALAD**

You shared some excellent writing: setting descriptions inspired by 'The Lion and the Unicorn' and some fun animal syllabic poetry.

You taught us all about your weather data analysis in Geography, your learning about Brahma in RE and lots and lots of Science, including your electricity, digestive system and tooth enamel enquiries. You have been very busy!
