

# Fabulous assembly, Year 5!

Thank you for a great summer term assembly, Year 5! You presented such a lot of exciting and creative learning and we loved hearing about your trips to the Royal Observatory, Houses of Parliament, MetroBank and to take part in a Sikh Langar, too – you have been very busy!

We loved your solar system song: brilliant singing in harmony and you taught us lots about the planets! We enjoyed hearing about your fruit and toilet paper scaled model of the solar system, too!

June 2022

Your Jim Done-inspired images of Tower Bridge showed your super skills in using perspective and proportion.

You shared lots of wonderful and imaginative writing inspired by reading 'The Lion, the Witch and the Wardrobe'. Your writing made us feel as if we were actually in Narnia and meeting the White Queen.

Behind the driver, sat an ambiguous figure with skin like porcelain. The woman, who wore a crown of lustrous shards of glass, held out a gloved hand for Edmund to shake. Petite, fragile fingers were visible through the silk of the glove. Eyes like an endless mystical ocean pierced through him as if she could read his mind; the woman was hypnotizing.

Under the careful surveillance of a sombre moon, sledge skidded to a halt, sending a snow storm through the air.

Beneath the monstrous mountains, next to jagged trees, stood a puzzling lamp post.

You shared all your science learning about the theories of Copernicus and Galileo and explained about your plant reproduction enquiries (even those that haven't quite gone to plan!) We enjoyed seeing examples of your coding using *if...then...else* statements, too.
