

What does it mean to be Jewish?

Today, we went to the Jewish Museum to learn about the **Torah** and the festival of **Passover**. During our time at the museum, we held and explored Jewish objects; learnt how to write our names in **Hebrew** (the language of the **Torah**); tasted foods eaten during the **Seder** meal at **Passover**; and met the **rabbi** of Camden Town who was visiting before **Rosh Hashanah** which is a Jewish holiday this weekend.
