

CAP – Self-portraits

Year 2 – Autumn 2022

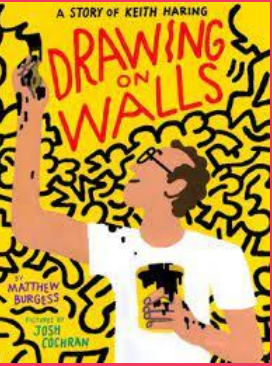

We also went on a trip to the Wallace Collection where we saw lots of different portraits and learnt all about making portraits.

We learnt about Keith Haring, an American artist, who liked to make art everywhere for everyone to enjoy.

We practised very hard to make sure we drew the shape of our faces and then placed our features where they needed to go.

Keith also drew this self-portrait with ink that inspired us when we were drawing our own self-portraits.

First, we sketched ourselves, then we used ink and paint brushes to draw our portraits. Once they were dry, we used pen to add some detail, and used red paint to colour our school uniforms.
