

# Christ Church Arts Project

## Year 3 – Autumn 2022

We then printed some colourful papers using marbling inks to add to our portraits as collage.

Our inspiration  
Year 3 looked at the colourful portraits by American folk artist, Heather Galler (1970-). She is known for her abstract style and use of pattern.

We used a photograph to trace the outline of our own faces and then selected and mixed a range of pastel colours to paint different sections.
