

# Year 6 CAP project- Frida Kahlo-inspired portraits

Frida Kahlo is considered to be one of the most important artists of modern times. She was famous for painting self-portraits but she was particularly famous for painting women as strong people.

We created portraits of ourselves using watercolour pencils. We were inspired by the beautifully bright colours, plants, flowers and animals that Frida Kahlo featured in the background of her portraits. We used collage to recreate our own Frida Kahlo-inspired backgrounds.

\*use knowledge of famous artists as inspiration for their own work and explain how they have done this

\* make detailed, analytical observational drawings

\* select techniques and materials to make an effective collage
