

Y1 PSHE week – Keeping safe and healthy

Caterlink and police officer visits

This week, in PSHE week, we got to try different fruits when Caterlink came to visit us and we learnt about a healthy diet. We also had a visit from a police officer who taught us about people who can help us. Our other learning included how to stay safe around the home, what is good for our skin and not good for our skin and how we are all special.
