

# Well done for a super assembly, Year 2!

You all presented your learning in such a confident way – we could all hear every word and you used great expression to explain facts, information and stories to the audience.

You are all definitely experts on the Great Fire of London! You shared all the information you had learnt and taught us about some of the causes of the fire and the changes that took place afterwards as a result. We also heard some brilliant writing inspired by observing, smelling and listening to a tiny (safe!) fire in our playground and by reading stories about the Great Fire.

We also heard all about your learning comparing Australia and the UK in Geography and your learning about money in Maths.

Toby is a strong, keen boy, but he is foolish because he forgot Samuel Pepys' diary. He is courageous because he helped Samuel Pepys put out the fire.

Dear diary,

You won't believe what happened!

First, I was asleep in the attic when I heard my master shouting at me. He said "You left Samuel Pepys' diary!" I ran down the road and noticed that people were running away from their houses. Whatever was the matter? I saw a massive fire raging ahead of me. Finally, I got to Samuel Pepys' house...

You shared your beautiful art work using tints and tones and inspired by the 'Castle and the Sun' art work by modern, abstract artist Paul Klee. We loved your colours!

We enjoyed your Great Fire of London song – a super way to help you remember what you've learnt!
