

Fabulous assembly, Year 4!

You shared so much of your learning in such an entertaining way – thank you!

We heard some brilliant writing inspired by your reading of 'Lights on Cotton Rock' and some poetry telling us how to look after our teeth!

You explained how you had been inspired by the landscape art works of traditional artist, John Constable, and the contemporary digital art of David Hockney. You shared some great sketches working on perspective, foreground and background.

You taught us lots about plate tectonics and the impact of natural disasters on the landscape and people in some areas of the world.

We loved your song about the Romans – it is helping you to remember so much about the Romans' significant achievements and way of life!

February 2023

And you even erupted one of your volcanoes – it was very exciting!!
