

Super assembly, Year 1!

Thank you for sharing so much of your learning with us in such an enthusiastic way!

We loved both your pieces of beautiful artwork. You explained how you had made animal prints inspired by Edward Tingatinga's paintings with a printing block and how you had carefully painted and cut out Fairy Tale castles with a collaged background.

March 2023

You shared some super writing, inspired by the Tinga Tinga tales.

There was a time when snake had no slither. Then she rolled in the green grass. Then she stopped. She did it again. She was stuck. No one could get her out. 'Oh dear!' the animals tried to get her out and then she popped out. That is how she got her slither.

We enjoyed your songs about the food you eat on different days of the week and about different ways to travel – they were both great fun!

We heard all about your Science learning about different materials and what they are used for and about your History learning about changes in ways of travelling. It sounds like you loved your trip to the Transport Museum! You also shared some really useful advice about how to keep yourself safe and who to ask for help.
