

Year 2 went to St Paul's Cathedral to learn about the Easter Story. We walked around the whole cathedral and heard about the different parts of the story. We put little symbols in a basket to remind us of each part.

St Paul's Cathedral

We also saw a memorial to Florence Nightingale, whom we have learnt all about in our history lessons, in the crypt.

After walking around the cathedral, we climbed all 378 steps to the stone gallery and were able to look out over London. We saw Hampstead in the distance and the River Thames, as well as other places we have been on trips such as The London Eye.
