

Debate Championship

Year 5 - March 2023

12 Year 5 children had been selected to participate in the Debate Championships of South Hampstead High School and delivered fantastic performances!

They were split into four groups of three and competed in four debates, winning most of them, against groups from a range of local schools. The students presented their ideas eloquently and reacted quickly to all three motions, which were only given out 10 minutes before each debate began! Year 5 applied their expertise from the Christ Church Debating Week and completed the Debate Championship with such professionalism and brilliance!
