

Coronation Dancing! Commonwealth Countries

To celebrate the coronation of King Charles III, all classes took part in a coronation dance workshop. Each class focused on dancing styles from different Commonwealth countries.

We started by learning about what a coronation is and then we learnt some facts about King Charles III. We learnt that he is a qualified pilot and diver and that he has two dogs called Beth and Bluebell!

Year 4 focused on India and learnt about the Bollywood style of dancing. They learnt a move called the lotus flower.

Once we had learnt a bit about King Charles III, we learnt a little about the country we were focusing on. We all learnt the capital city of our country. For example, Year 4 learnt that the capital city of India is New Delhi and Year 2 learnt that the capital city of Jamaica is Kingston.

Year 6 focused on New Zealand and learnt the haka!

We are looking forward to sharing some of what we learnt with the rest of the school as part of our Coronation celebrations this week!
