

CLC Trip – Year 2

25.05.2023

Year 2 went on a fun trip to the CLC to do some coding and information technology.

We had a much-needed run-around during lunch, and even got to play a game of duck-duck-goose.

We started our day with some BlueBot coding. First we used the BlueBot robots on mats, then we used the ipad app to work independently. We had to move the bot to different locations and avoid obstacles on the way.

After lunch, we used Book Creator and our IT skills to create our own information texts on the Great Fire of London, thinking back on all the things we learnt at the beginning of the year!
