

Thank you for a super assembly, Reception!

You all presented your lines so clearly and confidently. You took us with you on an adventure exploring under the sea and up in space!

June 2023

We loved your underwater scenes and pictures and you shared some fascinating facts about sea creatures!

We heard some brilliant glockenspiel playing and lots of wonderful singing at different volumes and speeds in both your 'Under the Sea' and 'Bobby Shaftoe' songs!

We loved hearing all about your special 'week in the spotlight' activities too. Thank you to all the parents who come in to help with these!

We heard some of your fabulous writing – your letters to Greenpeace, replies to the alien, Zap, and your family rules!
