

**Fabulous assembly, Year 2!**  
You delivered your lines so clearly and confidently and shared lots of learning in such an interesting way!

We heard all about your Science investigations into plants – you used your observations to answer several different enquiry questions very clearly.

You showed us some beautiful and detailed art work: both your Salvadoran Easter crosses and your aboriginal dreamtime dot paintings!

You shared lots of brilliant music with us. It was great to hear you all play London's Burning on the recorder and we loved your two songs, especially the very cool Grandma Rap!

You shared some super writing inspired by your learning about traditional tales from both the UK and Australia.
