

PSHE and Eco Week

May 2023

Year 3

Our theme for the week was how we can take responsibility for and care for our communities. We thought about our role at school and at home, the wider community and our global community.

We visited Henderson Court and spent some time with the members there.

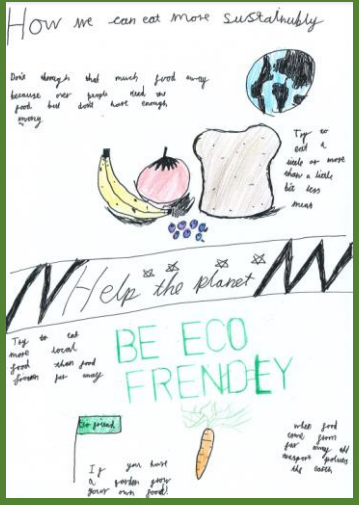

We joined Heath Hands on Hampstead Heath and helped with their conversation work. Here we are using sticks to block a pathway and clearing an invasive plant called 'Touch-me-not'.
