

Year 1 used their senses to identify some mystery objects!

Year 2 learnt about viruses and how they can spread.

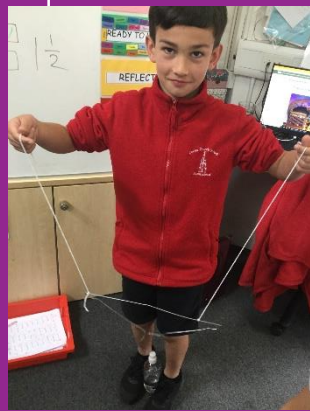

Year 3 learnt about the function of the skeleton and different muscles.

# June 2023 Francis Crick Science Workshops

On 7<sup>th</sup> June, Years 1, 2, 3, 4 and 6 took part in science workshops linked to our topics with scientists from the Francis Crick Institute.

Year 4 learnt about sound and vibrations and investigate how our hearing works

Year 6 looked at how light travels and reflects, considering what is required to see objects
