

Fantastic assembly, Year 5!

Thank you for a jam-packed, interesting and well-presented assembly, Year 5! You have been so busy and have been learning so much!

We loved your two-part song all about the solar system!

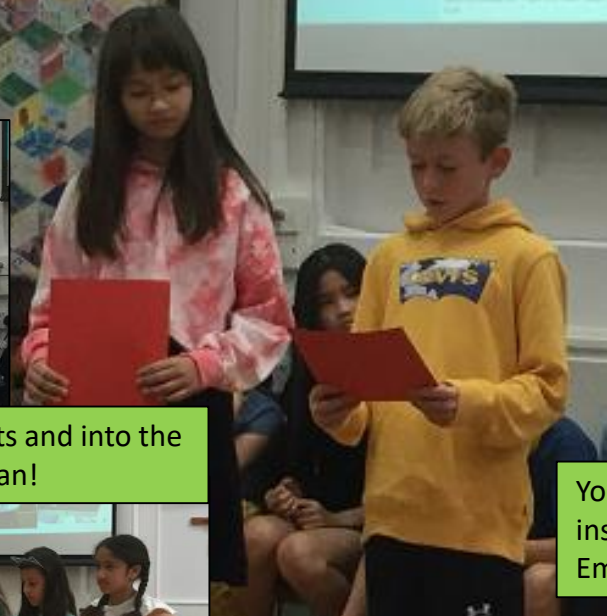

We were very impressed with your Ken Done-inspired Tower Bridge art works, focusing on perspective and proportion, and we loved hearing your Tower Bridge story and about your trip to the Bridge itself.

June 2023

You told us all about your fascinating science enquiries into solvents and solutes, voltage and currents and into the different ways plants can reproduce. We even heard about when your enquiries didn't quite go to plan!

Your dual narrative and instruction writing inspired by your class book, *The Nowhere Emporium*, was super!

"Come on Daniel," Ellie sighed, "there's the door." I frowned, as I saw the green mist emerging from the slits in the door. My head rested on Ellie's slouching shoulder making sure she'd get hit first. Beckoning noises spread throughout the hall causing my ears to bleed. Although she forced me to open the door I was as reluctant as possible; but eventually, I gave in.
