

Buckingham Palace – Creative Writing workshop

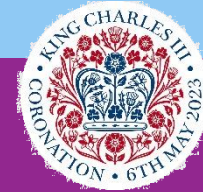

September 2023

On Tuesday, 26th September 2023, **Year 3** and **Year 4** went to Buckingham Palace to learn about the King's coronation, and take part in a creative writing workshop.

We were very lucky to have the palace mostly to ourselves as it was closed to the public.

Luckily, we were able to look around an exhibition displaying some of the items from King Charles III's coronation, such as robes, gauntlets, and jewels.

We then went into the throne room and saw a number of different important thrones and chairs, including those of King Charles III and Queen Camila, and Queen Victoria.

We considered how we felt and what we could see, jotting these thoughts down in our creative writing notebooks as we were walking around.

We got a private tour around the state rooms, focusing on the ornate features of the ceilings, and the fantastic artwork of both Queen Victoria's and Queen Elizabeth II's coronations.
