

Year 2 Global Goals art work – Life Below Water

November 2023

We learnt about the author and artist Eric Carle, who creates amazing images in a unique way. He paints his own tissue paper, giving it an interesting texture. Then, he cuts this paper out and collages it to create amazing creatures and backgrounds.

We used Eric Carle's work as inspiration to create our own paper and collaged it to show healthy life under water.

Lola

14 LIFE BELOW WATER

Year 2 learnt about Sustainable Development Goal 14 – Life Below Water, and how we need to do more to protect life in our oceans and be more sustainable.
